

Combined Chapel and Vault To Be Constructed At Local Cemetery

Anonymous Donation of \$1500 for Project — Delegation Discussed Drainage

A matter which has been discussed intermittently for several years was projected into prominence at a meeting of the Village Council on Tuesday night with the announcement by Reeve C. Bateman that an anonymous donation of \$1500 had been received for the construction of a combined chapel and vault at the Stirling Cemetery.

It was pointed out by the Reeve and Councillor R. Anderson, Chairman of the Cemetery Committee, that the present vault was beyond repair. Members of Council were unanimous in the opinion that the project should be proceeded with at once and will constitute a committee with Clerk Pollock as Sec-Treas., to investigate the nature of the proposed building and how best to finance its erection since the perpetuity fund could not be used for this purpose. Tentative plans were made to inspect vaults of recent construction prior to embarking on the project.

Donations

Reeve Bateman further stated that a donation of \$100 had been received from another citizen and that a local firm had offered to provide the necessary interior equipment. Any further donations from interested parties will be gladly received and much appreciated, stated the Reeve.

A communication was tabled from an irate citizen concerning the lack of action by the Weed Inspector. Reeve Bateman stated the matter was being looked after.

Elaine Footwear (Stirling) Limited, wrote requesting action by Council in naming the street adjacent to their factory "Elaine Crescent."

Communications were also tabled from the Dept. of Labour, re employment of persons under the Winter Works Programme; Ontario Municipal Board, granting approval for sewerage extensions; Mrs. C. B. Gardner, re Highway Safety Course, sponsored by Chatterton W.I. in Stirling on October 12th next at 8 p.m.; County of Peel, asking concurrence in a resolution to Federal and Ontario Provincial governments, advocating legalized sweepstakes in support of hospitals; Robt. Crossman, re assessment; and Central Mortgage.

Support Sweepstakes

On motion of Councillors Anderson and Noble, Council concurred in the resolution of Peel County requesting sweepstakes in support of hospitals.

The report of Police Chief D. Ketcheson for the month of August was adopted on motion of Councillors Jones and Chambers.

The Reeve and Clerk were given authority to make the final settlement with G. O'Shaughnessy, contractor on the Henry St. Bridge.

Reeve Bateman reported the work on the Church St. drain was progressing and should soon be completed.

Delegation

Messrs. C. White, M. Armstrong and L. Wannamaker were present in connection with the drainage problem in their area. They were shown a map, the result of a survey made of the area by Mather-Locke Associates, and the accompanying suggestions of the engineers, for their perusal. Reeve Bateman stated the village had provided the engineers' services and from now on it was a matter for the various property owners to solve. Mr. White thanked the Reeve and Council for the interest shown in the matter.

J. V. Holt addressed Council relative to a survey of street signs and their cost. Action was left in the hands of the Streets Committee.

Bylaws

Naming Streets

Council went into a committee of the whole on bylaws with Reeve Bateman as chairman and the following Bylaws were given their first and second readings:

Bylaw No. 621 — To stipulate width, character and type of street to be developed in all sub-divisions, etc.

Bylaw No. 622 — To name certain streets within the municipality:

(1) Street running south from Front St. E. to Highway No. 14 and directly east of Coronation Park shall be named "Elaine Crescent."

(2) Street west of Highway No. 14 to and through the new sub-division shall be named "Rodgers Drive."

Mervale Plays Here Tonight

Stirling Juveniles meet Mervale tonight under the lights at the Henry Street Playgrounds in the first game of the play-offs. The locals have been playing good ball and deserve the support of the fans of the community. Come out and lend your support.

All Cubs Shun!

The first meeting of the Stirling Cub Pack for the fall and winter term will be held in the Public School on Monday, September 18th at 7.00 p.m. All boys wishing to join must bring the registration fee of 50 cents. It is expected the membership of the Pack will be filled on Monday evening, so you must be there if you want to join.

AOTS Members Enjoy Barbecue

Members of St. Paul's AOTS Men's Club enjoyed a barbecue at the Henry Street Playgrounds last night. Jack Bush presided for a short meeting, at which H. C. Bird led in the worship service. Francis Lyons gave a reading and Don Williams led in a round of community singing.

To conclude the evening a ball game was played under the lights.

Stirling Fall Fair Prize Lists Offer Excellent Prizes in All Classes

Achievement Day To Be Held For Various 4-H Clubs — Special School Section

The prize lists for Stirling Fall Fair to be held on September 15th and 16th are ready for distribution this week.

The Directors have endeavoured to make the prize lists attractive and have been well supported by outside firms and local citizens who have offered special prizes in the various classes.

Horse Classes

In the horse section there are the customary Heavy Draught, Agricultural, Roadster, Carriage, Hackney, Pony and Wagon Classes.

There are also several special prizes offered which should result in one of the best shows of horses at Stirling Fair in years.

Cattle Classes

In the cattle, prizes are offered for Ayrshire, Holstein, Jersey, Hereford, Dual Purpose and beef breeds. There are also special prizes listed for all classes.

The customary classes are provided for sheep, swine and poultry.

A feature this year is the Eaton's of Canada Livestock Special, awarded to the exhibitor winning the highest number of points in the Livestock Classes. An exhibitor winning this trophy at another 1961 Fair will not be eligible at the local Fair.

Ladies' Work

The ladies' work section of the prize list has been revised and includes children's wear, ladies' wear, men's wear, and homecraft divisions. There is also a junior section featured for exhibitors from 9 to 12 years and teen-agers. Attractive prizes are offered as well as several good specials donated by interested parties.

There are also classes for Cheese, Garden and Roots, Fruits, Grain and Seeds and Domestic Science.

Public School Section

A special section for public schools in Sidney, Rawdon and Stirling is also included, with good prizes being offered for exhibits in various classes.

School Parade

There will be the customary school parade competition for rural public schools with good cash prizes. The teachers and pupils of the various rural schools are urged to enter this competition. See the prize list for complete details.

Junior Farmer Section

There is a Junior Farmer Section in which the Achievement Days of the various 4-H Clubs are featured. There are four clubs, the Stirling 4-H Club, South Hastings 4-H Grain Club, South Hastings 4-H Sweet Corn Club and the Trent-Moira 4-H Forestry Club. These Clubs are sponsored and financed by the Canada and Ontario Departments of Agriculture and the Stirling Agricultural Society.

Be An Exhibitor

The farmers and their wives, as well as local citizens, are urged to get a prize list and be an exhibitor in one of the many classes offered. The Agricultural Society sponsors the Fair entirely in the interests of the

Honoured Prior To Departure

On Wednesday evening, August 30th, friends and neighbours of Mr. and Mrs. X. P. Mayhew and family gathered at their home, to bid them farewell prior to their departure for their new home in Picton.

Rev. P. J. Hommersen extended the best wishes of those present and a musical programme followed, consisting of vocal duets by Mr. and Mrs. Grant Richardson, solos by Miss Cheryl Stapley, piano solo by Miss Ann Watson and piano duet by Misses Lorraine and Eleanor Short.

A short address was read by Miss Helen Faulkner and an occasional chair was presented with the best wishes of everyone. X. P. expressed their appreciation and invited one and all to visit them in their new home.

Mr. Grant Richardson, Superintendent of St. Paul's United Church Sunday School, presented a Hymnary to Linda and a Bible to Andy, the customary parting gift for pupils who are leaving the district.

The evening ended with lunch and a pleasant social hour.

Attend Trousseau Tea

Mesdames C. I. Hutton, F. McKee, R. B. Duffin, Nina Morton and H. C. Martin attended a trousseau tea given by Mrs. A. M. Lavery, Kingston, on Tuesday afternoon, in honour of her daughter, Mary Ann, prior to her marriage on Saturday next.

Hooks 5-lb. Trout In Rawdon Creek

While fishing in Rawdon Creek at noon on Wednesday, Harold Thompson, of West Huntingdon, hooked a five pound brown speckled trout. It measured twenty-three inches in length and had a girth of eleven and a half inches. Mr. Thompson was using artificial bait.

Lady Bowlers Visit Peterborough

Three rinks of Stirling lady bowlers participated in a trebles tournament in Peterborough on Wednesday, with a rink skipped by Mrs. B. Woodbeck winning three games and second prize. Other members of the winning team were Mrs. H. West and Mrs. J. Doran. Members of the other rinks were Mrs. R. Luery, Mrs. R. E. Fox and Mrs. E. Green, skip, and Mrs. P. Bronson, Mrs. A. Brooks and Miss Rosa Spry, skip.

Mutual Aid Assoc'n. Met Here

Some forty representatives of the various Volunteer Fire Departments in the area attended a meeting of the Firemen's Mutual Aid Association, held in the Community Hall here last night. Reeve C. Bateman welcomed the visiting firemen and extended civic greetings.

Prior to the meeting a demonstration on how to deal with burning metals was staged at the local Fair Grounds. Chief Ellis, of Trenton, presided, and the speaker of the evening was K. Jackson, of A.M.F. Atomics (Canada) Limited, Port Hope, who outlined various metals, which are toxic and inflammable, and how to combat a fire in which they are involved. A film on burning alkali metals was shown by H. Mallory, of Belleville, a representative of the Fire Marshall's office.

Refreshments were served by the local firemen and a social hour enjoyed.

A deputation of Lindsay firemen were present for the demonstration and meeting.

farmers of the surrounding district and should be encouraged.

Copies of the prize list may be obtained from R. E. Short, Secretary, or at the News-Argus office.

The local public school pupils will get their prize lists at the school from the Principal.

She provided the wedding music for the MacMullen's on September 6th, 1916.

On Friday evening about thirty folk gathered at the home of Mr. and Mrs. Leonard Sharpe and tendered the newlyweds a noisy charivari. Later the group were entertained in the home and all enjoyed chocolate bars, ice cream and cold drinks.

Probably by now a lot of folks have met up with the new sales tax. This correspondent purchased two articles and the tax was seven cents.

Mr. and Mrs. James Hutchinson, Janet and Marcia, of Woodstock, spent the Labour Day week-end with

their uncle and aunt, Mr. and Mrs. Frank Hutchinson.

Miss Carolyn Merrick spent last week with her aunt, Mrs. Herbert Smith.

THE BIBLE TODAY

Did you know that 84,480 dimes placed edge to edge stretch for a mile? The Rev. M. C. P. MacIntosh, Secretary of the Nova Scotia District of the Canadian Bible Society reports that forty children, representing some of the Sunday school and youth groups in that province attended the District Annual meeting as honoured guests, for taking part in the "Dimes for West Africa" campaign.

2,500 dimes (152 feet) were contributed to provide Gospels for the children of West Africa where the Canadian Bible Society shares half the cost of the work. Leading the delegation to the annual meeting were Mr. and Mrs. Norman Bowers, of Great Village, N.S., whose Sunday School provided 1,500 of the dimes collected.

Other children across Canada took part in this campaign. The Rev. Dr. L. W. Schnell, Secretary of North Saskatchewan District received 35,000 (over four-tenth of a mile) from Sunday School and youth groups.

From this and other gifts the Canadian Bible Society paid \$21,000.00 (two and one half miles of dimes) for its share of the work in West Africa.

The countries of West Africa to whom Scriptures were sent were Ghana, Sierra Leone, Gambia, Nigeria, Cameroun, Senegal, French Sudan, Mauritania, Guinea, Ivory Coast, Haute Volta, Dahomey and Togo. Several of these are now self-governing states and equal partners with Canada in the Commonwealth.

The Canadian Bible Society is helping them to become equal partners in the Christian Church by sharing with them the word of God in their own language.

OF MANY THINGS

(By Ambrose Hills)

THE INNER LIFE

One of the most difficult but im-

portant tasks in business is the selection of top executives. A sales force headed by the right man may do very well, but flop badly when led by the wrong one.

The same applies to production. A

good executive is likely to improve production even with exactly the same men and machines which produced poorly under a mediocre executive.

Men may look alike, talk the same language, claim similar education and experience, yet be quite different in executive ability. Those who possess or develop keen executive ability command high salaries — and earn them many times over for the company alert enough to recognize and employ them.

There's the rub. How to develop executive skill. It isn't easy, yet it can be done.

In his book, THE MEN FROM THE BOYS, Perrin Stryker, a Fortune Magazine editor, considered the matter in detail. He concluded that while there are many subtle differences in the qualities that distinguish ordinary managers from those who have reached full executive stature, the road to the top is fairly direct. The secret of becoming executive material has been known since the time of Socrates.

Some of Socrates' advice might well be taken by any man or woman hoping to reach the status of a top executive.

Socrates said, "For the just man does not permit several elements within him to interfere with one another, or any of them to do the work of others — he sets in order his inner life and is his own master and his own law, and is at peace with himself."

Needless to say, few men manage to set their inner life in such good order. It is worth a try, however, and if each in his own way made a stab at it, we would become a very great nation. It is advice sorely needed today, when men seem spun about so easily, bewildered and confused by the fast pace of science and the multitude of changes in our pattern of living.

Do You Remember?

TWENTY-FIVE YEARS AGO

ISSUE SEPTEMBER 3rd, 1936

Chas. L. Adams, of Powassan, Ont., has purchased the general merchant business of G. H. Luery & Son.

Does Your Car Steer Properly?

If the tires on your car are wearing only on the inside or the outside, then it's time to drive into our shop to have your car properly aligned.

Not only is it wasteful to have tires wearing unevenly, but it's also dangerous. A car that is out of alignment is mighty hard to steer.

We have the very best equipment plus a well-trained technician to take care of your alignment problems.

Also, we have a Bear Wheel Balancer to scientifically balance the wheels on your car.

Drive in today for expert, 100% guaranteed service on wheel alignment and wheel balancing.

Entered Into Rest

ROBERT CRANSTON

An aged and highly respected resident of Rawdon Township for half a century, Robert Cranston, R.R. 1, Harold, died in the Belleville General Hospital on Tuesday, September 5th after an illness of five weeks.

He was born in Ireland, 80 years ago being the son of the late Mr. and Mrs. John Cranston and coming to this country, as a young man settled in Tyendinaga Township but soon moved to Rawdon, where he farmed for many years. He was not only a farmer but a cattle drover in his younger days and was well known throughout the district.

He was a member of Springbrook United Church and fraternally was an honorary member of Tanner L.O.L. No. 509.

Surviving are one daughter, Mrs. Oscar (Irene) Merrick, of R.R. 3, Stirling, one son, Earl Cranston, R.R. 1, Harold, and one sister, Mrs. Annie Doxtator, of Shannonville. Also surviving are five grandchildren and five great grandchildren. His first wife, the former Emily Jane Bateman, died many years ago and his second wife, the former Mary Cook, died some years ago.

The funeral took place from the Duffin Funeral Home, Stirling, on Thursday afternoon with Rev. W. G. Fletcher officiating.

Interment in Victoria Cemetery, Tweed.

An L.O.L. memorial service was held at the funeral home on Wednesday evening.

MRS. ANNIE INEZ PRESTON

Suffering from a heart condition, Mrs. Annie Inez Preston, of R.R. 1, Roslin, was driving her car near Chisholm's Mills on Tuesday when she was stricken with a seizure and before medical aid could be summoned she died suddenly. Mrs. Preston was born in Stirling 51 years ago, being the daughter of the late Mr. and Mrs. Geo. Maybce and had been a resident near Roslin for the past nine years but spent many years in Thurlow Township and at Plainfield.

She was a member of St. Paul's Anglican Church at Roslin and an active member of the Women's Guild and other organizations of the congregation.

Surviving are two sons, James Robert Preston, of Belleville and John Richard Preston, of Barrie; two daughters, Mrs. John (Sheila) Dean, of Fredericton, N.B., and Mrs. Paul (Jacqueline) Landon, of Toronto; two brothers, Wilmot and Everett Maybce, of Wellman's Corners, and one sister, Mrs. Percy (Elsie) Coutts, of Toronto. Also surviving are five grandchildren. Her husband died in 1955.

Resting at the John R. Bush Funer-

Our Appreciation

We wish to express our sincere appreciation to the citizens of Stirling and surrounding district for the generous patronage and many kindnesses shown us during the past sixteen years we have conducted a business in Stirling. We shall always cherish the memories of the friendships and associations formed in those years.

H. C. Pitcher & Sons

at Home, Belleville, where the funeral will take place on Friday, September 8th to St. Thomas Anglican Church, 8th Concession of Rawdon, for service at 2:00 p.m.

Casket will be open in the church from 1:00 p.m. until time of service. Interment St. Thomas Cemetery.

GILBERT H. SARLES

On Monday the Rev. T. F. Townsend and the Rev. A. C. McCallum conducted a service at the Weaver Funeral Home, Trenton, for Gilbert H. Sarles, of R.R. 2, Trenton, who died at the Trenton Memorial Hospital last Saturday. Mr. Sarles was 88.

Palbearers were Frank Dickens, Melville Dickens, Nelson Welsh, Gardner Welsh, George Sarles and Mac Sarles.

Interment was in White's Cemetery.

Mr. Sarles was born in West Huntingdon and he was the son of Mr. and Mrs. Nelson Sarles. He had lived in Trenton and West Huntingdon before moving to the Belleville Road 37 years ago. He was a member of White's United Church. Mr. Sarles was a retired sales agent. He had

worked for the Imperial Oil Company. Mr. Sarles is survived by two daughters, Mrs. Pauline Page, R.R. 2, Trenton, and Mrs. Albert (Dorothy) Hall, of Belleville, and three sons, Frank and Walter, of Trenton, and Jack, of Vancouver, B.C. Also surviving are five grandchildren and two great grandchildren; a brother, Frank Sarles, Stirling, and a sister, Mrs. Gertrude Dickens, Belleville.

Mr. Sarles was predeceased by his wife, the former Matilda LeGrand; a daughter, Mrs. Jean Jackson, and a son, Clayton Sarles.

Many construction workers have actually been injured by the safety helmets designed to protect them! This can happen, says the Ontario Safety League when construction men riding in cars put their helmets on the back shelf. A sudden stop brings the hard hats flying forward, and occupants may be struck a severe blow, or the driver startled into making a false move. Motorists should always remember that heavy or sharp-edged articles should not be left loose on the rear shelf.

INFORMATION

about the

ONTARIO RETAIL SALES TAX

The following basic information about the 3% Retail Sales Tax, that went into effect September 1st, will be of interest to every resident of Ontario.

Why the Sales Tax was introduced

Ontario is experiencing the most dynamic growth in its history.

As a result, the demands on the provincial treasury continue to grow at an unprecedented rate. For example, during the next five years we must build the equivalent of one thousand schools large enough for 500 pupils each. This means that provincial grants to schools must be greatly increased in the years immediately ahead, or municipalities will be faced with crippling mill rates to provide basic educational facilities. Hospitals, highways and other public works must also be greatly expanded to meet the needs of our rapidly increasing population.

Your Province must increase its revenues by about \$150 million annually to pay for these vital projects.

After considering every method available to the Province, of raising money, your representatives at Queen's Park decided that our vast financial needs could not be met out of present sources of revenue. It was agreed that The Retail Sales Tax Act was the fairest and most practical way for residents of Ontario to contribute to the cost of their schools, hospitals and other essential services.

Before drawing up the Ontario Retail Sales Tax Act, your government closely studied the retail sales taxes of seven other Canadian provinces and many states of the U.S.A. The Ontario Retail Sales Tax Act has the broadest exemptions of any of these retail sales taxes. Only two other provinces have a tax rate as low as Ontario.

Collection of Tax

Those who regularly sell goods as a normal part of their business must apply to be registered as vendors. Those who have applied are now receiving their permits.

They will collect 3% tax on the price of goods sold to the ultimate consumer. The tax will be collected only once. Thus, a registered wholesaler will purchase goods for resale tax free from the manufacturer. He in turn will sell to the retailer on a tax free basis. Then the retailer will collect the tax when he sells to the consumer.

Major Consumer Exemptions

Most of the day-to-day necessities of life are free of sales tax. Food, prescribed drugs and medical supplies, and children's clothing are all tax exempt. Heating fuel, electricity and gasoline are exempt. Newspapers, magazines and books are exempt. No tax applies on restaurant meals charged separately at \$1.50 or less. Each sale of less than 17¢ is exempt. These and many other exemptions are discussed in detail on special cards that are now being mailed to retailers and other vendors.

Homes Not Taxable

Houses and other buildings are real property and are not subject to tax under this Act. The building contractor pays tax on materials incorporated into the home or other structure but no tax is payable on the labour that constitutes a large part of the total price of a home.

If furnishings such as draperies, stoves and refrigerators are sold with a home, tax is payable on the fair value of such furnishings.

Services Not Taxable

Only items of merchandise that are moveable, and telephone services, except long distance calls, are subject to the tax. Those persons selling "services," such as barbers, beauty shops, launderers and dry cleaners, do not collect tax, but must pay tax on the materials they use in supplying their service. However, if a repair service includes substantial quantities of parts or material, the entire bill will be taxable unless the materials are shown as a separate charge from the labour.

Casual Sales

When an individual sells goods privately, the transaction is a "casual" sale. In such cases the purchaser and not the seller of taxable goods is responsible to report the purchase and pay the sales tax on the purchase price to the Retail Sales Tax Branch, Office of the Comptroller of Revenue.

Instalment Purchases

Sales tax is due on the total price when the sale is made, even though payments may continue over a long period of time. Finance charges are also taxable unless quoted and itemized separately.

Trade-ins

The actual selling price minus the amount of the trade-in allowance is the amount upon which sales tax is payable.

Farming

Farmers will be exempt from tax on most equipment, on agricultural seeds and feeds, on drugs and medicines for livestock and on many other commodities used directly in the business of farming.

Exports and Imports

Goods exported from Ontario are not taxable since the tax is applicable only to goods used in Ontario. No tax is payable under this Act by manufacturers on goods they purchase for use in the production of goods for sale. Thus, their competitive position in the export market is maintained without change after the introduction of this tax.

Goods imported into Ontario are taxable since they are purchased for use in Ontario. The purchaser of the imported goods is subject to the same tax he would have to pay to an Ontario Vendor if he purchased the goods in Ontario.

Rental of Moveable Property

The person who acquires possession of moveable property by paying a rental price for its use is regarded as a purchaser of such property under the Act and tax is payable by him on the rental price paid.

THE FOOD BASKET

PICKLES

You just can't beat this age of togetherness! Why, we heard of two young married couples, who, filled with the spirit of adventure, got together on a pickle making project. It all started over the bridge table when the wives stated they couldn't make up their minds about which pickle to make. The husbands decided for them — they would get together and make them all! Sweet pickles, sour pickles, crisp pickles, hot pickles, tangy pickles, relishes, catsups, chows and chutneys. And so, the ladies ended up with a few bottles of this and a few bottles of that and blessed themselves twice over all winter long for being so very wise.

Perhaps you too would like to fill your jars with a variety of colours, tastes, shapes and uses. Here are some ideas for you from the tested recipe file of the Consumer Section, Canada Department of Agriculture in Ottawa.

In this recipe for Pickled Onions the small white onions are first soaked in a brine in order to keep them firm and crisp during the succeeding pickling process. This brine soak also reduces bitterness. Either coarse salt or table salt may be used for the brine, but do not use table salt that has been treated to make it free running. Free running salt may cause cloudiness in the brine or in the pickle mixture. White vinegar, rather than cider or blended vinegar, gives a better colour to the onions. Pickled onions go well with sandwiches, cocktail foods and winter salads.

PICKLED ONIONS

- 2 quarts small white onions
- 8 cups boiling water
- 1 cup table (bag) salt or
- 1 cup coarse salt
- 4 cups white vinegar
- 1 cup white sugar
- 1 stick cinnamon

Cover onions with boiling water, let stand 2 to 3 minutes, drain, cover with cold water and peel. Make a brine of the boiling water and salt. Pour over onions and let stand overnight. Drain. Rinse thoroughly with cold water and drain. Heat vinegar, sugar and cinnamon to boiling point, boil 5 minutes and remove cinnamon. Add onions and bring just to boiling point. Pack immediately into clean sealers, cover with boiling vinegar mixture and seal. Makes about 4 pint sealers.

The Good Driver

The difference between the excellent driver and the ordinary driver is seldom anything spectacular, or even obvious. It is a lot of little things done properly at all times.

An Ontario Safety League official was reminded of this recently. He was driving home from work, following a black sedan, in the driving lane. Approaching a T-intersection the sedan driver began to slow down, and showed by his flashing indicator that he intended to turn right. The OSL car also slowed down, and kept in the same lane.

But the black car did not make the expected right turn. It stopped on the near corner of the intersection. A girl got out and took a few seconds to make some last comments, through the open door, to the driver. Meanwhile the OSL car and three other cars were lined up behind the stopped car. One of the drivers behind, obviously in a hurry, was twisting around in his seat to see if he dared "jump" out into the passing lane between the other cars driving by at 40 m.p.h.

There was no climax to the incident. The black sedan started up again, and the line of stopped and slowing cars in the driving lane was on the move once more. The only result was the annoyance of drivers who had been halted unnecessarily.

The driver of the black car should not have stopped to let out a passenger on the rush hour route. It would have been a simple thing to let out his passenger around the corner. And he certainly should not have given a misleading signal.

The interesting thing is that he knew a signal was called for, and gave a signal — but the wrong one. He preferred to give a flasher signal for a right turn, rather than roll down the window and give a hand signal that would have made it quite clear to following cars that he was going to stop, and would have given them the chance to merge into the passing lane without delay.

There was no accident — but the possibility of accident was increased. Other drivers were slightly inconvenienced and irritated. Was it caused by inattention, or ignorance, or laziness? Whatever the reason, it gave an illustration of the fact that the "little" things are important in good driving. The Ontario Safety League says that consistency is one of the marks of the better driver. He does the right things — and does them all the time.

Registered vendors are receiving special cards that list exempt and taxable goods. Each explains how the Retail Sales Tax applies to each particular type of business. Additional information is available from the District Sales Tax Office serving your community.

NEWS FOR THE BUSY FARMER

CHINA WHEAT SALE

Official confirmation of a further sale of wheat to China was made recently by Agriculture Minister Alvin Hamilton when speaking at a public meeting at Kenosha, Saskatchewan. The Canadian Wheat Board, he said, has concluded the sale under the long-term agreement negotiated last April. This further sale is the second sale under the long-term agreement, which provides for the supply of 136.7 million bushels of wheat and 46.7 million bushels of barley over a 2½ year period.

This latest sale involves approximately six million bushels for clearance from St. Lawrence ports during August and September.

As in the previous contract, payment will be made in convertible sterling with 25 percent in cash at time of shipment and the remaining 75 percent under nine months' credit terms. The sale was concluded at prevailing prices.

The Minister said that this further sale to China for clearance from eastern ports will be particularly helpful now. It will facilitate continued movement of grain from the Lakehead, and thus create additional elevator space to receive country shipments of durum wheat for export, and for the feed grains required by the eastern domestic market.

In effect, said Mr. Hamilton, this sale will enable us to keep the pipeline open so that grains in demand may move freely from the prairie area into domestic and export consumption.

Weed of the Week

WEEDS THAT ARE COMMONLY CALLED CHICKWEED

The Chickweeds are natives of Europe and have spread to nearly every part of Ontario, says J. D. Curtis of the Field Crops Branch, Ontario Department of Agriculture. These weeds are most likely to be found in lawns, pastures and cultivated lands.

There are two main types of which there are a number of species found throughout Ontario. The first variety, or Common Chickweed, is identified by its single line of hairs down one side of the stem and on the leaf stalks. It is an annual or winter annual which blooms throughout the growing season. Leaves are variable in size, opposite, broadly oval and pointed, the lower leaves stalked and the upper sessile. The flowers are white, consisting of five petals which are shorter than the five sepals.

The species graminea (Grass-leaved Chickweed) has square stems, narrow and stalkless leaves, petals longer than the leaves and the elongated wavy protuberances on the seeds permit easy distinction from the common chickweed.

Cerastium vulgatum (Mouse-Ear Chickweed) is easily identified by its hairy stalkless leaves, small white flowers and by its prostrate habit of growth. The weed is a perennial which forms patches, spreading by seeds and rooting at the nodes of the stems.

A closely related variety, Cerastium arvense (Field Chickweed) is found throughout Ontario in meadows, past-

ures and other habitats. It is a perennial and like Mouse-Ear Chickweed, forms patches but is easily distinguished from this species by virtue of showy flowers that have petals 2 or 3 times as long as the sepals and by its narrower leaves.

Control of these weeds is relatively easy but repeated sprayings may be necessary. Silvex at 2 pound of active material in 30 gallons of water per acre or 1 ounce in 5 gallons of water to 2,300 square feet applied when Chickweed is actively growing in late fall or very early spring gives good control. Silvex should not be used on bentgrass turf.

Timely Tips

Leave your pullets on growing range for 2 or 3 weeks after you move them off range, recommends Prof. Earl Hunt, OAC poultry specialist. Some other cautions: Use some feeders and waterers like those on range until the birds get used to laying-house equipment; and double the normal feeding and watering space for a few weeks.

Don't paint your new galvanized steel roof or siding until it's been on a month, suggests Prof. Frank Theakston, OAC building engineer. This gives the shiny finish a chance to roughen up and hold the paint better. To avoid cleaning, repaint older roofs before rust spots show. Paint only on dry, low-humidity days and when the steel is dry. This prevents blistering and peeling.

Remember that some herbicides are extremely poisonous to cattle. Don't let your cattle graze sprayed plants — it will make them sick and death may result, advises Dr. Howard Neely, OVC extension specialist. Spray drift, carried by the wind to adjoining pastures and lanes, might also be fatal if cattle graze affected plants. If you notice an animal go off feed and become depressed, call your veterinarian immediately.

Grain Merchant Praises 4-H

"Our 4-H Clubs are the most effective agency in the improvement of farming that I've seen." This is the observation of Harold Inman, proprietor of a grain and feeds business in Peterborough, Ontario.

In conversation with Harry Theobald, Editor of the Farm Page of the Peterborough Examiner, Mr. Inman cited the names of a dozen or more former 4-H members who are now leaders and progressive farmers in the district. He is impressed particularly with the way 4-H clubs are organized and the influence of the programme among senior farmers.

"It is fifteen years or more since I began to notice the influence of 4-H training. I can see the difference in the boys who carried on in 4-H and who are now farming on their own. We certainly wish them success in overcoming today's farming problems — and I'm not overlooking the girls."

The opinions of men in business, such as Mr. Inman, are most gratifying to the local club leaders and directors of the movement — provincial-

ly and nationally.

In attracting broad support in the provinces and through the Canadian Council on 4-H Clubs, the 4-H movement stands out today as one of our finest examples of co-operative effort. Through working in close co-operation with the extension departments, businessmen, service clubs, farm organizations and all branches of the press can be justly proud of their contribution to the progress and welfare of this growing youth training programme in Canada.

Hexachlorophene Now Used For Furnace Filters

Don't be startled when you purchase new air filters for your furnace this fall and find they're coloured green instead of amber.

Reason for the change: the fibre glass filter is now being treated with hexachlorophene, a germ killing agent.

Says the manufacturer, Fiberglass Canada Limited: "Bacteria caught with the dust trapped by the filter will now be destroyed."

There will be no increase in the cost.

A Word To The Bachelors

The bachelor may brag about being foot-loose and fancy-free. But there's danger in his kitchen. Every bachelor (or person living alone) must face the possibility of being caught up short at the breakfast bar, the lunch counter or the dinner table. It's a fact that the meals of those who live alone are apt to be deficient in essential minerals, vitamins and proteins — the stuff that good health is made of!

With no one to care of — or to take care of him — the lonely bachelor is likely to forget to plan and prepare meals sensibly and carefully. Shopping and cooking for one is more difficult than for a family — and it costs more per person too. The schedule for meals in the one-man (or one-woman) home may be so flexible that it disappears altogether. Meals are on a take-it-or-leave-it basis almost every day.

It's a wise man — bachelor or bride-groom-to-be — who takes advantage of our adequate food supply to eat a variety of essential foods every day. He will be well repaid for his time and effort when he realizes how easy it is to feel just that much peppier every busy day. The foods he chooses will come from the basic food groups: meat, fish, eggs, poultry, or a meat substitute; milk or cheese; enriched or whole wheat grain breads and cereals; fruits and vegetables. And he'll do well to include one or more foods from each of these groups every day. In them he'll find not only essential energy calories, but minerals, vitamins, protein and other essential nutrients, all in easy-to-take 'packaged' form and, if he still fancies sweets and condiments, he can have these too — provided his needs for good nutrients have been met first.

A word of warning to the bachelor then — watch for the nutritional hazards of living alone. Lack of pep and even illness caused by a deficiency of nutrients may be a high price to pay to remain foot-loose and free for fancy.

An unauthorized mint that operated briefly in 1862 at New Westminster, B.C., struck \$10 and \$20 gold pieces from gold taken out of the Fraser River sand bars.

He Is Greatest Who Serves Best

(By Padre W. A. Young, O.A.C. in Canadian Countryman)

Have you ever wondered what it is that makes people great? Have you ever looked at a man who has achieved heights of power and fame, and asked yourself what he had that ordinary human beings seem to lack? Of course we have all done that, and many times we have entertained very serious doubts about the real greatness of so-called great men.

The world may call a man great because he is physically powerful. Saul was chosen King of Israel because he towered head and shoulders above his fellows. There are many people today who admire brute strength and physical power. Or a person may be called great because he has accumulated great wealth. But wealth is not greatness. In our day, we have exalted the intellect, and we have rightly said that "Knowledge is power." In an international race for scientific achievement, we have given our scientists homage, and a Ph.D. is the passport to influence and a salary almost equal to that of a professional hockey player.

In our confusion about what greatness really means, perhaps we would do well to turn to the Bible, and see what the Master said about greatness. "He that is Greatest among you," said Jesus, "shall be your servant." According to Jesus, the criterion of greatness is not physical prowess, or financial power, or greatness of intellect. He is greatest who serves his fellow men best! That is a revolutionary idea, and it is as

strange today as it was 2000 years ago. But it is eternally true that service is the standard by which all true greatness must be measured.

Jesus said that no one could be truly great who was not humble — free from arrogance, pride, conceit and self righteousness. The great man is a gracious man, who does not throw his weight around, and push and elbow his fellows out of his way. But most of all, Jesus' ideal of greatness was usefulness. He would have us never forget that he who serves his fellow men best is greatest of all. He symbolized his own greatness by washing the disciples' feet, and when Peter drew back, horrified, He said, "The son of man came not to be ministered unto, but to minister." Years ago, when the people of France were called upon to select the greatest Frenchman who ever lived, they chose Pasteur, who had worked in his obscure laboratory to save the lives of men, rather than Napoleon.

The word for you and me, then, is that we can all be truly great by this standard, because we can all help with whatever talents or ability we have, to make life richer for others, and to make the world a better place.

By the standards of Jesus, perhaps the mother in the home, the teacher in the school, the country minister in his little church, and the plain good man in the community, may have a greater claim to true greatness than those whose names are emblazoned on the front pages of the daily press.

Some people who never dreamed of greatness, may be surprised to know that their names are written among the truly great.

A Child In Shining Armor?

If children were shining armor they might have greater protection in today's death dealing traffic.

But the only armor we have in which to clothe our children today are the rules of traffic safety we teach in the home and at school.

Parents must assume the prime responsibility for training their children in sound traffic safety habits as they have the care and control of the child during his most formative years. The major contribution of parents is example. It is of little value to tell a child that he must cross the street always with a green light if Mom and Dad thoughtlessly defy a red light with junior in tow.

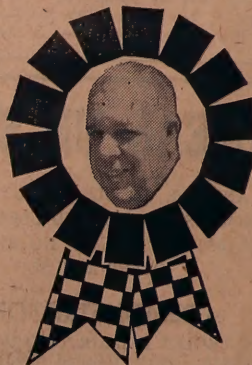

A study of child traffic accidents over several years by the Ontario Safety League shows that the majority of these accidents were caused by six specific hazards; and from these stem the basic pedestrian rules that children should follow:

1. Go with the green, not in between
2. Look both ways before you cross the street and walk (don't run) when you leave the curb.
3. Keep out from between parked cars.
4. Ride your bike safely and obey all signs and signals. (Small children must ride their wagons, tricycles and scooters on the sidewalk.)
5. Play your games in a safe place away from the street.
6. Where there are no sidewalks, walk on the left side facing traffic. (Wear or carry something bright at night.)

TIPS

ON HOW
CHECK-R-MIX
HELPS YOU

If you want to get the best results and profits from your farm you've got to feed more than just your own grain. But this brings up a lot of problems: "how much antibiotic?", "Which trace minerals?", "How much of which hormones?", "Only extensive laboratory research and much on-the-farm testing can develop a safe guide to which of today's 'miracle' ingredients you should use... and how much.

That's why we rely on Purina Concentrates for the complex non-grain ingredients in the rations we build for you. Mixed with your grain according to the right Purina-tested and approved formulas, Purina Concentrates provide the right amount of the right ingredients for your birds and animals. They'll help you to make the kind of

profits you'd like to make from your milk, meat and eggs.

Come in and let me tell you more about the Check-R-Mix way to make your own grain pay! Bring your grain in, our Purina-approved Check-R-Mix Service is designed to handle your grinding and mixing needs speedily and well.

Funeral of Late Mrs. Edward Montgomery

Blanche Stickle, wife of Edward Montgomery, of Foxboro (formerly Mrs. Wm. H. McKelvie) died in Belleville General Hospital on Thursday last. She had been in hospital for two months.

Born at Dartford 75 years ago, she was the daughter of the late George Stickle and Jane Bailey. She married Wm. H. McKelvie and prior to his demise in 1929 resided in Campbellford. She later married Edward Montgomery and lived at Mount Pleasant in Rawdon Township until his retirement from farming 20 years

ago. They then moved to Foxboro. She was a member of the United Church.

There survive, her husband, Edward Montgomery, of Foxboro; two daughters, Mrs. Ken Grills (Alice) and Mrs. Chas. Stewart (Verna), of Campbellford; three sisters, Mrs. Arch Mouncey (Myra), of Roseneath; Mrs. Chas. Hansford (Alice), of Midland; Mrs. Holliday (Lizzie), of Regina; two brothers, Ray, of Westminister, B.C., and Leonard, of Edmonton, Alta. One sister Frances and one brother Ernest predeceased her.

Funeral services were conducted at Bennett's Funeral Home, Campbellford, on Saturday, September 2nd by Rev. Gordon Whitehorse. Interment was in Mount Pleasant Cemetery.

Mrs. Geo. Sheldon and son, Charles, Toronto, have spent the past two weeks with her parents, Mr. and Mrs. Charles F. Bailey, Carmel. They also called on several of their friends and relatives.

Stirling Man Aids In Manhunt

Arrest Monday of a fifth man in connection with a robbery at Havelock last Thursday morning ended a manhunt that caught one suspect Saturday and three Sunday.

All have been charged with armed robbery and appeared in court Tuesday at Peterborough and were remanded for a week.

But \$180,000 in cash and securities snatched at gunpoint last Thursday from the Toronto-Dominion Bank branch in Havelock, was still missing. Police are searching the bush around this area.

A railway employee, Fred Andrews, Stirling, spotted the three captured Sunday.

Stirling 4-H Calf Club

The last meeting of Stirling 4-H Calf Club was held on September 6th at the home of Mr. James Reynolds, Foxboro.

The junior members clipped a calf under the instruction of Mr. G. Patterson, while Douglas Dettlor, Club Leader, instructed the senior members on judging. Mr. Patterson gave instructions to all the members on the duties at Achievement Day.

Following a true or false question-naire a lovely lunch was served by Mr. Reynolds, for which thanks was expressed.

The exhibiting of calves at Stirling Fair, September 16th, will complete the club year.

All Drivers Eligible For Insurance

All licensed drivers in Ontario, regardless of their accident records, will now be able to obtain car insurance under the assigned risk plan, as a result of an expansion of its eligibility section.

The revised plan was announced recently in a brief presented to the Ontario Legislature's select committee on automobile insurance by the All Canada Insurance Federation, which represents about 95 percent of all insurance companies doing business in Canada.

Unitarian Service Committee Appeals For Funds

Two years ago last summer, the Director of a Boys' Home sponsored by the Unitarian Service Committee of Canada in Korea, bought two rabbits for one of the orphans, a bright, quick-witted boy named Hyun. It did not take Hyun long to cash in on the expected fertility of his pink-eared, rubber-nosed pets. He saved the

money which flowed in from the sale of the offspring and in the autumn disposed of the rest of his rabbit family and bought a pig. In due time, he was rewarded by a squealing litter scrambling for first place at feeding time. Food for the fast-growing livestock was scarce but there were two restaurants not far away from the Home and the enterprising boy talked both managers into saving leftover scraps of food for him. Early in the bitterly cold pre-dawn, while the other children were asleep, Hyun would be gathering restaurant spoils to feed his hungry brood. Spring came, and with money received from the sale of his pigs he paid the necessary high tuition at a Korean Vocational School to learn a trade in watch repairing. Today at seventeen he is making good wages as a watch repairman in a store in Suwon.

This then, is the story of one ambitious boy, two helpful rabbits and a kindly Director. It is also the story of the Unitarian Service Committee of Canada, for this "Agency with a Heart" touches with healing fingers the human need in war and famine-ravaged places of the world, through personal annual visits made by its Executive Director, Dr. Lotta Hirschmanova. Since 1945, over nine million pounds of relief supplies have been sent overseas in the form of clothing, blankets, layettes, hospital supplies and various implements. In India, the USC works with local partner agencies distributing milk powder and medicines by USC ambulances to despairing villagers. In Greece, far-reaching community development

programmes are helped with USC gifts of livestock, seedlings, tools and professional counselling.

The annual campaign was launched on September 4th. The USC, with headquarters at 78 Sparks Street, Ottawa, desperately needs \$250,000 — to reach its objective. As in other years, the bulk of this money will be contributed in small amounts. This is how the people, whose purses cannot match the greatness of their hearts, will help the USC fulfill its promise to the world's needy, regardless of nationality, colour, creed or caste — in the name of Canada.

The Blessings

I'm growing old, and may be soft,
But time and time again
I find that, looking down the years,
The sorrow and the pain,
The disappointments I have known,
The things that made me sad,
Are nothing, when compared with all
The joys that made me glad.

True, I have known life's bitterness,
But now, somehow, it seems
As if the darkness I've groped
through
Is lit by friendly beams.
And sitting here, I smile and say,
"Though ill I've known galore,
They're naught beside the blessings,
which
I have to thank God for!"

Wife — "Wake up, Stanley. There's a burglar going through your pocket."
Husband — "Leave me out of it. You two fight it out between yourselves."

Between 1956 and 1960 in Canada average monthly employment in mining fell from 109,208 to 105,840, in primary iron and steel from 37,100 to 36,500, in forestry from 78,560 to 51,350, in saw mills from 59,750 to 53,560, in manufacturing from 1,202,000 to 1,162,000.

STIRLING FALL FAIR, SATURDAY SPLENDID PROGRAMME IS ARRANGED FOR AFTERNOON

Allan Shows Midway and Barb's Dancers and Baton Twirlers—Dance At Night

With the annual Fall Fair sponsored by the Stirling Agricultural Society scheduled for Friday and Saturday of this week, September 15th and 16th, the committee in charge of the various attractions in front of the grandstand has lined up a programme for appeal to all, and indications point to it being one of the best ever seen locally.

In preparing the programme, the committee has ever kept in view that the Fair is primarily for the agriculturists of the community and has endeavoured to make it of particular interest to farmers. However, the urban dwellers have not been overlooked and there are many items that should appeal to them as well.

It is the hope of the Society that the citizens of Stirling and community will show their appreciation of the efforts put forth by the directors by giving their wholehearted support to the Fair not only with their attendance but by competing in as many events as possible.

Acknowledge Donations

The directors desire to thank the citizens of Stirling and Hastings County who, by their generous donations, have assisted them in arranging for this year's fair.

Copies of the Prize List may be obtained from R. E. Shortt, Secretary.

Trials of Speed

All of the familiar events are again on the agenda and a good afternoon's entertainment is promised for Saturday, September 16th. Horse racing enthusiasts will again be able to enjoy their favourite sport as trials of speed — Free-For-All, purse \$200; 2.25 Class, purse \$175.00, and 2.28 Class, purse \$150 — are included in the race card.

There will also be pony races for two classes, 11 to 14 hands, and under 11 hands.

Bicycle Races

Bicycle races for the boys and girls are also on the agenda. There are three classes, half mile for boys 15 and over; 1-8 mile for boys under 15, 1-8 mile for girls under 15.

Good Exhibits

There will also be the usual good horse and cattle exhibits, as well as sheep and swine. In the main building will be found the ladies' work exhibit, cheese exhibits, High and Public School exhibits and the Horticultural exhibits.

Junior Farmer Section

In the Junior Section of the Fair patrons will be privileged to view the achievement day exhibits of the Stirling 4-H Calf Club, South Hastings 4-H Grain Club, South Hastings Sweet Corn Club and Moira-Trent 4-H Forestry Club. The farm machinery companies will also have their usual display of farm equipment on the grounds.

The customary Junior Farmer section will again be featured this year.

Platform Performance

Barb's Dancers and Baton Twirlers will provide the platform performance and Stirling-Rawdon Junior Band will provide the music during the afternoon.

Good Midway

Arrangements have been made with the Allan Shows for a Midway with rides and booths for both the children and the adult patrons of the Fair.

Refreshment booths will be in operation on the grounds, while the ladies of Wellman's United Church will serve hot meals in the Fair dining hall.

Attend Orange Executive Meeting

Messrs. Fred Bateman, of Stirling, Past Grand Master; Lorne Hagerman, of Harold, Deputy Grand Master, and Rev. H. E. Beare, of Roseneath, Junior Deputy Grand Master, attended an executive meeting of the Grand Orange Lodge of Ontario East in Kingston on Monday.

During the meeting it was decided to hold the 1962 sessions of Grand Lodge in Ottawa in April next.

Mixed Teams Play Softball

Lois Blakeley's "Bull Dogs" and Marie Eggleston's "Tomcats" hooked up in a softball tussle at the Henry St. playground on Tuesday night, with the latter winning 30 to 14. Marie Hay and Bob Montgomery were the battery for the winners with the former displaying some of her old time form on the mound, while Honora LaChapelle and Neita Hosking divided the pitching chores for the losers. Bill Blakeley and Don Tucker also divided the catching.

Home runs were hit by Barry Hewton, Ivan Eggleston and Lyle Hay for the winners and by Bill Blakeley for the losers.

Poultry Judge Killed

Roy Joseph Messervey, 68, of Belleville, a judge and breeder of poultry, died in hospital early Tuesday from injuries he suffered when his car went out of control on a county road Monday night and plunged into a ditch.

Police said Mr. Messervey lost control of his vehicle on a winding road near Demoreville. The car struck a roadside stump. Hospital officials said he died of chest injuries.

Mr. Messervey was scheduled to judge a poultry show at the Western Fair in London.

Mr. Messervey was well-known in the Stirling district, having been a judge at the local Fair for many years.

Dance on Saturday Night

The Fair programme will conclude Saturday night with a dance in the main Fair Grounds building.

A square dance competition, open to all, will also be staged in the evening with good prizes.

Your Patronage Solicited

In presenting the programme the Committee feels it should have the support of the community and given good weather, the attendance should be the best ever. All roads lead to Stirling Fair Grounds on Saturday, September 16th, and citizens of the surrounding district will be out in force to lend their support to the Agricultural Society.

Be sure to meet your friends at the Stirling Fall Fair.

Be Sure And Visit Ladies' Booths At Stirling Fair

Each year the Lady Directors of the Stirling Agricultural Society have had booths of special interest to women at the Fair.

This year is no exception. Mrs. Harris, of Wellington, will be present with her button collection. All interested are invited to view this hobby and chat with Mrs. Harris. Perhaps you might have some old buttons you would like to sell.

There will also be a Directors' booth of home cooking, which will be offered for sale later in the day.

The Directors are very grateful to the Women's Institutes that donated special prizes: Chatterton and Pine Grove, for Domestic Science specials; River Valley, for a Sewing special, and Wellman's, for school specials.

In Hospital

Wm. Snarr, of Hord's Station, is a patient in Campbellford Hospital, following an accident at his home on Monday night. Mr. Snarr was carrying a kettle of boiling water from his home when he fell spilling the contents of the kettle on his person. The latest report is that he is progressing favourably.

Way Back When!

An interesting item from the past, a tax bill for the farm and buildings on Lot 2, Concession 1, in the Township of Rawdon, was displayed at the News-Argus office this week by Mrs. Russell Stapley. The tax notice, dated 1881, was in the name of Stephen Bird and listed the various taxes as follows: For County purposes, \$7.50; for Township purposes, \$2.70; and school taxes, \$6.72, making a total of \$16.92.

New Book Issued By Department For Guidance of Municipal Officials

A 24-page booklet outlining the rights, duties and responsibilities of elected and appointed municipal representatives has become a best seller.

Published by the Ontario Municipal Affairs Department the booklet is called "A Guide For Municipal Representatives." It contains extracts from six provincial acts, the Criminal Code of Canada and the oath of office.

It was prepared under the direction of Municipal Affairs Minister William K. Warrender and first introduced by Premier Leslie Frost at the recent convention of the Ontario Municipal Association at Windsor.

Delegates to the convention quickly snapped up 1,000 copies and since then the Department has been swamped with requests for the booklet.

So many requests have poured into the Department that almost all of the first run of 25,000 has been distributed — to councils, ratepayers' associations and private citizens.

Publication of the guide resulted from the firm conviction of Mr. Warrender that the elected representatives and members of local boards and commissions are men and women who are anxious to serve in strict compliance with statutory requirements.

The guide, he said, is an attempt to present in a convenient form the more important parts of existing legislation so that municipal representatives and officials will know not only their rights but their responsibilities.

Copies have gone out to every municipality and it is hoped to get the booklet into the hands of every candidate for municipal office and local boards.

Belleville Rink Won Tourney

C. Mott's rink, of Belleville, was the winner in the Ladies' Trebles tournament on the local Bowling Greens yesterday with three wins and a score of 42 plus three. A second Belleville rink skipped by Mrs. M. Smith won second prize with two wins and a score of 40. For one win a Peterborough rink skipped by Mrs. Darling was high with a score of 33 plus seven.

There were nine rinks in competition and three games were played. The ladies enjoyed a pot luck dinner.

Installed As District Dep. Grand Master

Geo. Carlisle, Stirling, was installed as District Deputy Grand Master of Madoc District, No. 45, I.O.O.F., for the coming year, at a ceremony held in the local I.O.O.F. Hall, last night. Chris Newman, Campbellford, P.D. G.M., conducted the installation.

R. L. Hullin, also of Stirling, was installed as District Sec.-Treas., with J. Torrance, of Campbellford, as installing officer.

Injured In Fall

Anthony Jonkman, Sr., R.R. 3, Stirling, is a patient in Belleville General Hospital, suffering from several fractured ribs and a punctured lung, following an accident at his farm on Wednesday. While assisting in harvesting operations, Mr. Jonkman slipped and fell from the wagon landing across the wagon tongue. He was rushed to hospital by Duffin's Ambulance.

County Clerk In Hospital

Erle Denyes, Hastings County Clerk, underwent surgery in the Belleville General Hospital on Thursday of last week.

Local Student Wins \$400 Bursary

Word was received on Friday last by John R. Bailey, son of Mr. and Mrs. Archie Bailey, that he had been awarded an Atkinson Charitable Foundation Bursary to University, value \$400.00.

Mr. Bailey will enrol at Queen's University, Kingston, for the Fall term.

Large Pickerel

The largest pickerel landed in the Picton district in the last 10 years was caught in Lake Ontario near Indian Point by Thomas Hearn, of Toronto, recently.

It weighed 14 pounds 12 ounces and measured 32 inches with a 20-inch girth.

Eliminate Stirling

Stirling Juveniles were eliminated from further competition in the Ontario playoffs last week when they dropped two games to Mervale.

In the first game played under the lights at the Henry Street playground on Thursday night last the largest crowd of the season witnessed a thrilling pitcher's battle until the seventh when the visitors got to Stewart for three hits including a homer to take the lead. Thompson and McMaster hit homers for the losers. The final score was 10 to 5.

On Saturday afternoon at Verona, the locals dropped the second game of the series 2 to 0.

On Jury Service

Messrs. H. Dettlor, Oliver Stapley and Miss Rosa Spry were on jury service at the sessions of the Supreme Court being held in Belleville this week.

Attend Sector Plan Meeting

Rev. P. J. Hommersen, Messrs. Claire West, Don Williams, Elwood Bateman, Carl Potter and Robt. Hullin of St. Paul's United Church, Stirling, attended a Sector Plan training meeting at Trenton on Tuesday evening.

Fruit Affected By Drought

Convincing evidence of the effect of the severe drought on the crops in Western Canada was presented at this office by Major Fraser, John St. this (Thursday) morning when he displayed a number of apples no larger than small grapes. They were picked from trees in the garden of his son-in-law, Ray Chapman, of Regina, Sask.

Loses Mother

Stirling and district residents join in extending sympathy to Ray Rose, Frankford Road, in the loss of his mother, the late Mrs. Laura Adella Rose, who died in Belleville General Hospital on Tuesday last, in her 67th year. The funeral was held at Stockdale Standard Church on Friday afternoon, with interment in Frankford Cemetery.

Father of Chief of Police Dies

Walter G. Ketcheson, father of Police Chief D. Ketcheson, Stirling, died at his residence in Trenton on Monday. He had been in ill health for some time and was in his 76th year. The funeral took place at the Weaver Funeral Home, Trenton, on Wednesday at 3:30 p.m. Interment in Frankford Cemetery.

B. Woodbeck Injures Back

Friends of Burton Woodbeck will regret to learn he is a patient in Belleville Hospital where he was taken on Friday following an accident at his home. While having a friendly scuffle with a member of his family he slipped and fell and injured his back. X-Rays revealed three crushed vertebrae.

Mrs. Percy MacMullen introduces Study Packet For Coming Year — Held Tues.

The September meeting of St. Paul's United Church Woman's Missionary Society was opened with quiet music played by Mrs. R. Stapley.

A reading by Mrs. Geo. Carlisle entitled, "Does God Guide Our Lives," was followed by prayer.

The meeting was turned over to Mrs. H. David, who read as a call to worship Psalm 95: 6-7, followed by the hymn "Blest Be The Tie That Binds." Psalm 27 was read responsively as a Scripture lesson with prayer following.

Mrs. C. Lansing gave a meditation on Confidence and Courage. Mrs. Harold West and Mrs. Robt. Hullin sang a very pleasing duet.

The special speaker was Mrs. Percy MacMullen who introduced the study packet for the coming year. This includes separate books for Adults, Mission Bands and Juniors.

After the singing of the hymn "Come let us sing of a wonderful Love," Mrs. Carlisle resumed the chair for business consisting of minutes, roll call and secretarial reports.

Following the benediction, the group in charge served refreshments and a social hour was enjoyed. Thanks was ably expressed by Mrs. R. A. Patterson.

River Valley W.I. Meeting Features Public Relations and Industries

Mrs. Ross Bush was hostess for the September meeting of River Valley Women's Institute and the rooms were a bower of beauty with bouquets

of dahlias and other blooms. Fourteen members and six children of pre-school age were in attendance.

Mrs. Kenneth Myers, President, opened with the Institute Ode and the Mary Stewart Collect in unison.

The Assistant Secretary, Mrs. Percy Utman, read the August report and the correspondence.

The senior Training School based on "Meat Cookery" will be held in

Stirling November 7th and 8th. The 4-H Girls' Club centred on "Cotton Accessories for the Bedroom," convenes September 19th and 20th in Stirling. Names were suggested as leaders for both groups.

There were four thank you notes read and other expressed personal thanks.

An invitation from Chatterton W.I. to attend a Safety Meeting on the evening of October 12th in the Stirling Community Hall was read. There will be movies on highway safety by Mr. Murray K. Rowe, Accident Prevention organizer, of Ottawa. It is hoped that the meeting will be well attended.

Owing to the International Plowing Match the date of the October meeting was changed and will be held Monday afternoon, October 22nd at the home of Mrs. Alex Bush.

After a brief discussion the group decided on their Christmas gift for the members of their link Institute in England and the order will be placed at an early date.

Plans were made to have an Institute display at Stirling Fair with Mrs. Vernon Harry in charge of arrangements.

Two cards were signed to be forwarded to folks who are ill.

Mrs. Roy Tucker, A.C.W.W. convenor, was unable to be in attendance and this is the first meeting she has missed since she joined the Institute a few years ago. She sent the "Pennies for Friendship" jar and reported sixty-two cents for August. The regular collection and the pennies were then gathered.

Mrs. Fred McDowell read two interesting items from the August Countrywomen. The latest publication is "Ceylon, its peoples and its homes." The author loves her own country and gives a vivid description of the history of her lovely island.

At Oregon, U.S.A., the Institute women take their magazines, after they are read, to foreign ships hoping it will make for better understanding of their country. The men enjoy the pictures and are thrilled to have these magazines to carry home to their wives in such places as India, Ireland and Australia.

The roll call centred around new industries and its products and several were mentioned.

The programme was in charge of Mrs. Percy Utman and Mrs. Don Donohoe and the former presided.

Public Relations
The topic on the subject, "Today's communities are widening thus a new approach to public relations," was given by Mrs. Percy MacMullen. She gave a brief summary of the A.C.W.W. executive meeting held in England and said that four days after the Secretary, B. Hearnden, prepared the report, it was in her mail box in Canada. At this meeting South Australia sent a tapestry cover for the president's chair in a design of Australian wild flowers. The Irish group brought a tea towel and a lucky doll and Ceylon sent exquisite embroidery.

Many branches in Canada are displaying the A.C.W.W. linen tea towels and the F.W.I.C. office in Ottawa has a unique display of gifts.

A.C.W.W. has sent out a request for good photographs and other display materials from Canada. The demand from other countries is increasing rapidly as all are anxious for a glimpse of other Institute workers.

Mrs. MacMullen gave a brief out-

line of the A.C.W.W. annual meeting held July 20th in Kensington Central Library Building when speakers from all over the world were heard. A.C.W.W. gives us all many privileges, but it also lays on us great responsibilities, one of which is the building of understanding and goodwill among women everywhere.

This year's great stress is being laid on "Pennies for Friendship" and there is a special competition on the theme "Best Idea for collecting Pennies for Friendship" and the speaker announced that she was arranging a special display as her personal entry in this worthwhile enterprise. All voluntary contributions will be appreciated, perhaps interested folk could drop in a penny at the Fair next Saturday.

At the National Convention at Vancouver, Mrs. E. J. Roylance, retiring President of F.W.I.C. had "World Banks" on display at all times. The pennies collected for one day was over one hundred dollars. This convention donated five hundred dollars to Pennies for Friendship in memory of Mrs. Hugh Summers a "World Vice President" and another five hundred dollars in memory of a deceased F.W.I.C. Secretary-Treasurer, Mrs. W. L. Clark. It was announced that the total gifts for the UNESCO coupons to assist women and children in the West Indies was \$6,700.00, contributed by W.I. branches all over Canada.

In the Friendship Link report the speaker told of the activities of Abbot's Leigh W.I. in Bristol, England, during the month of July. She also displayed a picture of Mr. and Mrs. F. J. Payne, of Bristol, who are holidaying with their daughter in Brockville. Early in August they celebrated their fiftieth wedding anniversary.

Canadian Industries

Mrs. Harry Morrow read a humorous poem which was written by one of the River Valley ladies. This outlined how much work there was to do in this busy season.

Mrs. Roy Bush gave a very descriptive account of the trends in farming over a period of years, telling of hydro, floating barns, combines, tractors and all the power machinery in use today by the River Valley farmers. Her message gave a vivid glance at the days of yore and pictured the many new implements in use today. The meeting closed with the Queen and Institute Grace.

The hostess and lunch committee which included Mrs. Morrow, Mrs. Bush and Mrs. Utman, served sandwiches and cheese and all enjoyed a social half hour. Mrs. Ernest Carr voiced thanks for hospitality, programme and refreshments.

Milne -- Sharpe Wedding

Mount Pleasant Rawdon United Church was the setting for a pretty summer wedding on Saturday, August 19th, 1961, at 3 p.m., when Ruth Isobel Sharpe, daughter of Mr. and Mrs. Leonard Sharpe, Stirling R.R. 3, and James Mercer Milne, Oshawa, son of the late Dr. and Mrs. Norman Lindsay Milne, of Palmerston, Ont., were united in a double ring ceremony which was solemnized by the pastor, Rev. W. G. Fletcher, B.A.

The choir altar was adorned with white gladioli and ferns. The guest pews were designated with wide white taffeta bows.

The winsome bride, given in marriage by her father, chose a floor-length gown of lily white organza. The fitted torso-line bodice featured tiny sleeves and a bateau neckline appliqued with Swiss embroidery. Garlands of matching embroidery scattered the flared skirt and full chapel train. Her elbow length veil of tulle illusion was held by a crown of orange blossoms. She carried a bouquet of white carnations, fern and lily.

Mrs. Robert Moorcroft, Belleville, was matron of honour and Miss Carol Sharpe, Stirling R.R. 3, niece of the bride, was bridesmaid. They wore identical waist-length gowns of aqua mist organza. The princess-line bodice was detailed with tiny sleeves and a sabrina neckline. The soft draped skirt was held in place at the back with a self rose of the material. Their headresses were bands of matching organza, roses and leaves with a veil, to give a picture hat effect. They carried bouquets of white shasta daisies, lily and fern.

Miss Jean Sharpe, Stirling R.R. 3, was junior bridesmaid and Miss Kathryn Sharpe, Stirling R.R. 3, was flower girl. Both were nieces of the bride. They wore short dresses of white organza with sashes of aqua mist. Their headpieces were fashioned of matching organza, roses and leaves. The junior bridesmaid carried a bouquet of white shasta daisies. The flower girl carried a nosegay of white 'mums and sweet-heart roses.

Mr. Allan Reesor, of Oshawa, of-

ficiated at the console of the organ and provided the wedding music. Mr. Harry Brown, Stirling, R.R. 3, was soloist. He rendered before the ceremony, "O Perfect Love," during the ceremony, "The Lord's Prayer" and while signing the register, "A Wedding Prayer."

Mr. Gordon Dowling, of Oshawa, was groomsmen. The ushers were Mr. Burton Sharpe, Stirling R.R. 3, brother of the bride, and Mr. Wayne Mercer, Ottawa, cousin of the groom.

The reception followed in the Church Hall where the bride's mother received the guests in a sheath of soft pink chiffon with matching hat and shoes and a corsage of white gladioli.

The groom's uncle and aunt, Mr. and Mrs. Ellerby Farr, of Toronto, were in the reception line and Mrs. Farr was gowning in a hand crocheted gold ribbon sheath with matching jacket, black picture hat and accessories and a corsage of bronze 'mums.

The bride's table was covered with a white lined damask cloth, centred with a three-tiered white wedding cake and a floral arrangement at the top of pink sweetheart roses. The cake was surrounded at the base with white tulle intermingled with rosebuds. Silver candelabra with white tapers flanked the cake. Low bouquets of pink sweet peas decorated the other tables.

Rev. W. G. Fletcher gave the toast to the bride and groom to which the groom responded and gave a toast to the bridesmaids and Mr. Gordon Dowling responded.

Out-of-town guests were from Oshawa, Brockville, Kingston, Toronto, Oshawa and Port William.

For a wedding trip to Eastern Ontario and Quebec the bride chose a sheath of pure silk shantung in egg-shell shade with matching jacket and accessories and a corsage of bronze 'mums.

Mr. and Mrs. Milne will reside at 658 Simcoe Street North, Apartment 3, Oshawa, Ontario.

Regular Meeting Wellman's W.M.S.

The regular meeting of the Wellman's Missionary Society of Wellman's United Church was held Wednesday, September 6th at the home of Mrs. Robert and Mrs. Howard Wallace.

The President, Mrs. Omar Dracup, was in charge, opening with the Call to Worship. The first hymn was "Breathe On Me, Breathe of God," followed by prayer by Mrs. Dracup. The Scripture Lesson, Luke 4: 16-21, was read by Mrs. Will Hinds. Comments were made on this reading under the title of "Voices from Abroad," by Mrs. Omar Dracup. There were various prayers offered on — Country, by Mrs. Douglas Clancy; Peace, by Mrs. W. G. Fletcher; Missionaries, by Mrs. Chas. Dunham; Church, by Mrs. John Carlisle. The hymn, "From Ocean Unto Ocean," was sung.

The minutes were read by Mrs. Clifford Clancy. Mrs. Howard Wallace gathered the offering. There was a short period of business when preparations were made for the Pie Social following the Anniversary.

Mrs. Clifford Clancy gave a reading on the life of John Whittier, a Quaker poet, who wrote words for some of our hymns, including "Dear Lord and Father of Mankind."

The study book report was given by Mrs. Kenneth Tompkins. Interesting points were given on work in Africa, Burma and the Philippines. The study was mainly on new ways of speaking, showing the effect radio has in these countries.

Mrs. Dracup thanked everyone taking any part in the afternoon's proceedings; also the hostesses. The hymn, "Take Time To Be Holy," was sung, followed by the Lord's Prayer. Mrs. Kenneth Tompkins was in charge of a flower contest.

Dainty refreshments were served and all enjoyed a social half hour.

Mr. and Mrs. K. Sine 50th Anniversary

Mr. and Mrs. Karl Sine, 97 Purdy Street, Belleville, were at home at the Oddfellow's Hall, Stirling, to their many friends and relatives on August 30th, on the occasion of their 50th wedding anniversary.

During the course of the afternoon and evening one hundred and fifty persons signed the guest book.

Congratulatory messages were received from Prime Minister Diefenbaker, Elmer Sandercock, M.P.P. and Lee Grills, M.P.

Greetings were expressed by Mr. R. E. Fox, Junior Grand Warden on behalf of the Grand Master of the Grand Lodge of the Independent Order of Oddfellows of Ontario.

The hall was tastefully decorated with baskets of gladioli and asters. The linen covered tea table was centred with a three-tier anniversary cake beautifully decorated for the occasion. Presiding at the tea table were Mrs. Frank Potts, Campbellford; Mrs. Alec Milne, Campbellford; Mrs. Milton Hagerman, Stirling; Mrs. William Wannamaker, of Colborne Mrs. William Donald, Stirling; Mrs. George Haggerty, of Stirling; Mrs. Edith Haggerty, Stirling, and Mrs. Gladys Elliott, Stirling.

Mr. and Mrs. Sine were the recipients of many lovely and useful gifts. The immediate family presented each with a gold wrist watch; the six great grandchildren gave them a pair of gold salt and pepper shakers, for Mrs. Sine a yellow rose corsage; and for Mr. Sine, a carnation.

Pictures of the family and different groups with Mr. and Mrs. Sine were taken to commemorate the gala occasion.

Soft piano music was played by Mrs. Percy Hubble and at the close of the evening Mrs. Douglas Hagerman sang the appropriate "Bless This House." The six children sang the "Mom and Dad Waltz."

Guests were present from Belleville, Colborne, Campbellford, Peterborough, Rosebush, Eldorado, Trenton and Norwood.

Social Evening Wellman's W.I.

Wellman's Women's Institute recently held a social at Wellman's. There was a fairly large attendance.

During the early part of the evening races were enjoyed by the young folk. Cash prizes were given to the winners. A fish pond created great interest for the small tots.

Everyone was called into the Church after the outside activities were over. Mrs. Gerald Clancy, President of the Institute, acted as chair lady. She welcomed everyone then called on Mr. Marshall Sills, of Campbellford, who gave several numbers on the merimba, accompanied on the piano by Mrs. Townes.

The main feature of the evening was pictures shown by Mr. Orno Sharpe on his trip with the Whole Milk Producers overseas. He described his trip, taken by plane, and gave explanations of all the scenes in his pictures. These included views of various places in England, Scotland, France, Belgium and Holland. These scenes proved most interesting.

At a break in the pictures everyone enjoyed a few numbers of community singing, led by Mrs. Clancy with Mrs. Lorne Watson at the piano.

Another very enjoyable time was spent at the end of the entertainment, when the ladies of the Institute served delicious refreshments. Sandwiches, cake and cup cakes with coffee or freshie for beverage, proved a very delicious lunch.

Mrs. Clancy thanked everyone for their part in the programme and the people for the interest taken in attending this event. The Queen brought to a close a very successful evening.

an attendance of 14 members and one visitor. It was the Historical Research meeting.

Mrs. Don Kerr, President, had charge of the meeting which was as follows: Institute Ode and Creed; roll call, answered by handing in a picture or history of your farm (note: all but one member paid fines for not answering the roll); piano solo, "The World Is Waiting for the Sunrise," by Mrs. Don Stewart; readings, "Not For Cooking," by Mrs. Jack Watson and "No Occupation," by Mrs. Minnie Petherick; "Food contest," conducted by Mrs. Carl Reid.

A display of old books, factory ledgers, Bibles and catalogues was conducted by Mrs. Bill Petherick and enjoyed by all.

Lunch was served by the hostess and the meeting closed with the National Anthem.

Late Anson Charles Connor

Another Rylstone pioneer was laid to rest in Rylstone United Church Cemetery on Saturday afternoon, when Anson Charles Connor, lately of Campbellford, was interred in the family plot after the memorial service at Bennett's Funeral Home in Campbellford.

Mr. Connor, who would have been ninety-five years old on Wednesday, September 13th, suffered a fall at his home a few days previously, breaking his hip. He was taken to Campbellford Memorial Hospital, where he died on Thursday morning. He was well and favourably known at Rylstone, where he lived for nearly seventy years, having come here from the Madoc district with his parents about ninety years ago when he was five years old. He was the eldest son of Charles C. Connor and Elizabeth Campbell.

For many years he had a threshing outfit and threshed over a wide area in the district. He was well-known for his ready wit and was also blessed with a good singing voice. He sang in the choir of Rylstone Church, of which he was a member, for many years.

He was twice married. His first wife was the former Christina Fuller, of Madoc, who predeceased him in 1895. His second wife was Rebecca Mumby, who passed away in 1945. Remaining to mourn the loss of a dear father and grandfather are two sons, Raymond, of Campbellford, and Gerald, of Burlington; three daughters, Mrs. Cyril Summerhill (Edna), of Kitchener; Miss Kathleen, of Port Arthur, and Elsie, of Ottawa, and one brother, Victor. One grandson, Bruce Connor, was killed in an auto accident a few short weeks ago. There are three grandchildren and six great grandchildren.

The Connor family moved to Campbellford from Rylstone about 1923 where he and his son Ray conducted a lumber business.

68th Anniversary Rylstone United Church

On Sunday evening at eight o'clock Rylstone United Church celebrated their sixty-eighth anniversary in the brick church, which was built in 1893. Before that services had been conducted in the frame church across the road.

The Church was well filled for the service, in spite of the very hot weather. Mr. H. D. Pilien, the new minister of the Rylstone, Springbrook and Stanwood Churches, was the speaker and gave a splendid sermon entitled, "A Religious Boom and a Moral Bust."

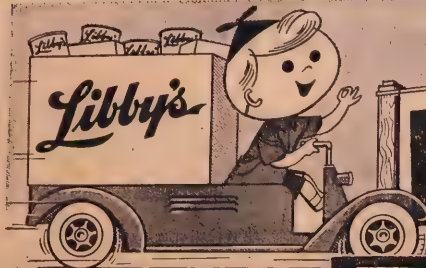

The choir of Springbrook United Church rendered two anthems and led in the singing of the hymn. Mr. Pilien expressed the thanks of Rylstone congregation to the choir for their music and to the Connor family for the beautiful baskets of flame and white gladioli which they had placed in the church in memory of their father who was laid to rest in the cemetery on Saturday.

THE PROGRESS OF SCIENCE

Suffering from a severe cold, the patient begged the doctor to cure it for him quickly. But the doctor had only one suggestion. He told the man to go out into a cold rain with inadequate clothes and allow himself to be soaked through.

"But, doctor," exclaimed the puzzled patient, "That would give me pneumonia, wouldn't it?"

"Exactly," answered the doctor. "We cure pneumonia in no time, but then cold nothing!"

Springbrook

Friends of Mrs. Ira Bristol will be sorry to learn that she is a patient at Belleville Hospital, after she suffered a fall at her home here. We wish her a quick recovery.

Mr. Ron Leonard, Ottawa, spent the week-end with Mrs. Esther Leonard and family. Ron is teaching industrial Arts at an elementary school in Ottawa.

Springbrook L.O.O.F., No. 429, held their annual memorial service in honour of their departed members at Mt. Nebo Cemetery on Sunday.

A number of our folk attended the anniversary service at Rylstone United Church on Sunday. Mr. Pillen delivered the sermon and Springbrook choir, under the direction of Miss Doreen Broadworth, organist, provided special music.

Mr. Edmund Fleming is attending Ontario Teachers' College, Peterboro. Couple Honoured

On Departure
A large crowd attended a party in the hall on Friday evening in honour of Mr. and Mrs. Elwood Johnson, who have recently moved from our midst to take up residence in Stirling.

Mr. Pillen was chairman for a pro-

gramme which opened with community singing with Mrs. George Williams at the piano, followed by a song by Garry Bateman; piano solo, Nancy Johnson; organ solo, Gail Ray; readings, Mrs. Clayton Burkitt; piano solo, Wendy Neal; reading, Mrs. H. Mumby. Murney Bateman sang a couple of numbers with guitar accompaniment. Mr. Wesley Thompson showed some very interesting slides on local scenes in the fall and also some on Florida.

Mrs. Emerson Reid read an address and the presentation of a chrome suite to Mr. and Mrs. Johnson was made from the community.

Mrs. Bert McCoy read an address from the Adult Bible Class, of which Mrs. Johnson has been a valued teacher for sometime. Mrs. Ed Bateman presented Mrs. Johnson with an initial Bible from the class members.

Mr. and Mrs. Johnson voiced their sincere thanks to all. Following the singing of God Save The Queen, lunch was served and a social hour spent.

Wellman's

Mr. and Mrs. Jack Sharp, Paul and Peter were tea guests Thursday at the home of Mr. and Mrs. Don Sharp, Campbellford.

Mrs. Will Hinds spent Monday with Mrs. Amos Althouse, Prenepeau.

Mr. and Mrs. Jack Sharp, Paul and Peter visited Sunday with Mrs. Clarence Douglas and family, White Lake. Mr. and Mrs. Will Hinds spent Saturday evening with Mr. and Mrs. Earl McMullen and family.

We wish to extend our sympathy to Mrs. Harold Snarr on the loss of her father, Mr. Fred Blake, Campbellford, last week.

West Huntingdon

Messrs. Herb Brooks and Burke, of Trenton, Ont., had charge of the Church service in the United Church on Sunday morning and they brought a good message.

Following the Church service Mr. Alex McCurdy held a Rally Day Service for the Sunday School. Choruses were sung by the younger groups. Miss Mae Pollock read the Scripture lesson and Mrs. William Grant told the story. A goodly number were present.

Mr. and Mrs. Elvin Carr spent the week-end at Ottawa and Almonte. Elvin assisted the Havelock Pipe Band at Almonte.

Mr. and Mrs. William Fox, Toronto; Miss Enid Speppique, Toronto; Mrs. Ed Parks, Belleville; Mr. Ambrose Wright and Mr. and Mrs. Keith Bush, Frankford, were recent guests of Mr. and Mrs. James S. Wilson.

The Huntingdon Township Bible Study Group met at the home of Mr. and Mrs. Melville Donnan on Wednesday evening. Miss Doris Donnan gave a most interesting and helpful address on the work at Hay River. There was a good attendance present.

Mrs. William Grant is busy with choice practice at the United Church. Anniversary services will be held on Sunday at 11 a.m. and 8 p.m. Rev. Lorrie, of Tweed, will be the guest minister.

Mr. Alex McCurdy was chairman for the programme as follows: Community singing, led by Mrs. Foster Wilson at the piano; readings, by Mrs. Barton Haggerty and Mr. Mac Searles; music numbers, by David Cooke; solo, by Mrs. Foster Wilson.

Mr. Foster Wilson read an address and the honoured couple were presented with a handsome mirror and a telephone chair, for which they both expressed appreciation.

Mrs. John Wallace and Mrs. Melville Donnan each gave brief addresses and lunch brought this happy event to a close.

Entered Into Rest**CLINTON J. ROBBINS**

The death of Clinton James Robbins occurred suddenly at his home, Bonarlaw R.R. 1, on Friday last.

Born in Dangannon Township, he was the son of the late Mr. and Mrs. Richard Robbins. Since his marriage to the former Edna Huff he had farmed at his late address where he was well and favourably known in the district. He was a member of Spring-

brook United Church.

He is survived by his wife, the former Edna Huff; three sisters, Mrs. G. Musculow, Bird's Creek; Mrs. G. Quirk, Warsaw, and Mrs. T. Colman, Peterborough, and one brother, William J., of Bancroft.

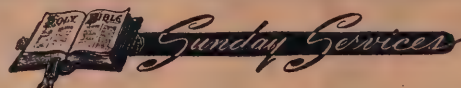

The funeral service was held at the Howden Funeral Home, Marmora, on Monday, with Mr. H. Pillen officiating. Interment Mt. Nebo Cemetery, Springbrook.

Palbearers were Messrs. Gerald Broadworth, Everett Spry, Bill Hewitt, Denzil Andrews, Gerald McFaul and Ralph Wellman.

Consumer Service Marketing Service
CANADA DEPARTMENT OF AGRICULTURE

PICKLES

Here are more ideas for you from the tested recipe file of the Consumer Section, Canada Department of Agriculture:

Mustard Cucumber Pickle

- 10 cups peeled and diced cucumber
- 1½ cups coarsely chopped onion
- 2 tablespoons salt
- 1 teaspoon turmeric
- 1 cup dry mustard
- 1 cup flour
- 2 tablespoons salt
- 2 cups brown sugar
- 1 cup water
- 3 cups vinegar
- 1 tablespoon celery seed

Combine vegetables with the salt and let stand 1 hour. Drain thoroughly. Cook gently in about 2 cups water until tender, 10 to 15 minutes. Drain thoroughly. Mix turmeric, mustard and flour, salt and brown sugar to a smooth paste with ½ cups of the water. Heat remaining water, vinegar and celery seed to the boiling point. Slowly add some of hot vinegar mixture to flour paste, blend well, then return to remaining vinegar mixture. Cook sauce stirring constantly until thickened, about 5 minutes. Add drained, cooked vegetables to must-

ard sauce and bring to boil. Pour into hot sterilized jars and seal. Makes about 8 cups.

Chow Chow

Chow Chow is a mild, spiced pickle of a soft texture and so good with roasts. The spices should be bought fresh for best flavour and tied loosely in a cheesecloth bag which is large enough to let the vinegar boil through them.

- 30 medium, green tomatoes (7½ pounds)
- ½ cup table (bag) salt or ¾ cup coarse salt
- 1 medium cabbage (3 cups minced)
- 3 green peppers
- 2 sweet red peppers
- 3 medium onions
- 6½ cups vinegar
- 2 cups sugar
- 1 tablespoon celery seed
- 1 tablespoon mustard seed
- 1 tablespoon whole cloves

Put tomatoes through food chopper, using coarse blade. Combine with salt and let stand ½ hour. Put into cheesecloth bag and let drain overnight. Add cabbage, peppers and onions which have been put through food chopper. Mix vegetables together and add vinegar, sugar and spices

tied loosely in a cheesecloth bag. Cook, uncovered, over a low heat until vegetables are tender, about 20 minutes. Pour into hot sterilized jars and seal. Makes about 12 cups. Fruit Chilli Sauce

- 12 large or 16 medium ripe tomatoes (4 pounds)
- 1 cup coarsely chopped peaches
- 1 cup coarsely chopped pears
- 1 cup coarsely chopped apples
- 1 cup chopped onion
- 1 cup chopped sweet red pepper
- 1 tablespoon hot red pepper
- ½ cup seedless raisins
- 1½ cups vinegar
- 1½ cups sugar
- 1½ tablespoons salt
- 1 cup whole mixed pickling spice

Blanch and peel tomatoes, then cut into pieces. Peel peaches. Do not peel pears or apples. Put three fruits through food chopper, using medium to fine blade. Combine vegetables, fruits, vinegar, sugar, salt and spices tied loosely in a cheesecloth bag. Bring to a boil and cook until thick, 40 to 50 minutes. Remove spice bag. Pour into hot sterilized sealers and seal immediately. Makes about 8 cups.

OF MANY THINGS

(By Ambrose Hills)

A PRETTY GOOD SYSTEM

There's a small restaurant near the office which I frequently patronize, but today it was boarded up. I think I know why.

About five years ago an immigrant couple took it over and made it quite successful. They were at work before I reached my office in the morning (and I'm an early bird), and usually were still at it when I headed home at night. A friendly pair, they attracted a good many customers and the food was good enough to hold us.

In the summer, when I batch for two months, I made a habit of eating breakfast there. It was always good, served with a smile, and the couple made it clear they appreciated the business.

Not too long ago they sold the restaurant and opened a larger place in another part of the city, where they specialize in the dishes of their home-

land. Their successor was a man who did not appear to have much experience in the business. He raised the prices, served less tasty food. One by one, the regular patrons started to look elsewhere. Finally, the restaurant was closed.

I am sorry the man's venture failed, but I realize that he practically guaranteed his own failure. No arbitrary power closed him down; the process was completely impersonal — the patrons simply stopped coming, either because of the higher prices or, more likely, the less attractive food.

I don't know what the man who failed thinks about all this. Perhaps he curses the economics system; perhaps he blames himself; perhaps he thinks lady luck had a finger in the pie. I hope, however, that he got the message — that he is just not a good restaurant man, and he ought to find another position in which he can serve someone satisfactorily.

In a planned economy, of course, the man would have been moved out of the restaurant by inspectors. They would have decided that he was a failure, and would have bluntly told him so. There are some people who believe in such planning, done by experts, and consider it the most efficient system. It seems to me, however, that inspectors might blunder. They might declare a man a failure because they didn't like the way he parted his hair. Our competitive system operates more justly, and with an impersonal efficiency that cannot be denied.

Our system gives men the right to fail or to succeed. To succeed, they must serve the public, not the arbitrary tastes of inspectors or efficiency experts. And after all, the public is the best judge of the service it desires.

THE BIBLE TODAY

Soon after the formation of the new Province of Uganda and Ruandi-Arundi, Bishop Brazier of the new diocese of Ruanda stated that the day of missionary enterprise in that part of Africa is not finished. Opportunities have never been so great and recruits are urgently needed.

"Africa is shouting for freedom,"

said the Rev. T. Gregory Smith, educational secretary of Ankole and Kibeki.

"But independence won't bring freedom. Only Christ can make men free."

To enable Africans to learn about Christ, from the Word of God in their own tongue, the Rev. Dr. Stanley Smith has just finished the translation of the Bible for the Anglo-Kigeli. The three language areas where the Ruanda Mission has been working for forty years now will have the Bible in their own tongue, Miss Rosemary Gullebund having just completed the task for Urundi started by her father Archdeacon Gullebund, many years before.

One African woman testified at a recent meeting in Uganda and said, "most of you know the home I come from. My husband and all his people are heathen and everytime I read my Bible my husband, or one of his family beats me. Last week I lost my temper and said many bad things. Please pray for me that when they beat me for reading my Bible I may be like the Lord Jesus when he was beaten in the courts of Annas, Caiaphas and Pontius Pilate."

Cooke — Dinsmore Nuptials at Meaford

In the Church of the Nazarene in Meaford, Ont., on Saturday, August 26th at 2 o'clock the marriage was solemnized of Maye, daughter of Mr. and Mrs. Wesley Dinsmore, of Clarkeburg, and Gerald, son of Mr. and Mrs. Howard Cooke, of Stirling. Two large baskets of white and pink gladioli and a fern decorated the church. White satin bows marked the guest pews. Rev. J. H. MacGregor, of Toronto, conducted the double ring ceremony, with Rev. W. Bull, of Meaford, assisting. Mrs. George Adams, of Tor-

onto, played the wedding music and Mrs. Harold Dinsmore sang "Togetherness" and "The Lord is My Shepherd." The congregation sang "Guide Me O Thou Great Jehovah" after the bride came to the altar.

The bride's father gave his daughter in marriage. Her floor-length gown was of white peau de sole with scooped neckline, long pointed sleeves and lace trimmed bodice and skirt. She carried pink roses, white stephanotis and ivy.

The bride was attended by her sister, Miss Beth Dinsmore and her niece, Miss Sharon Dinsmore as maid of honour and flower girl. They wore street-length dresses of bright pink silk organza over taffeta with matching headresses. They carried baskets of white shasta mums and ivy.

George Cooke, of Sudbury, was groomsman for his brother. The ushers were Francis Thompson, of Belleville, brother-in-law of the groom and Stanley Dinsmore, of Clarksburg, brother of the bride.

Receiving at Alexander's the bride's mother wore a dress of printed brown and white silk with matching accessories and a corsage of pink carnations. The bridegroom's mother wore a dress of blue and white printed silk with pink accessories and a corsage of pink roses.

For going away the bride wore a green sheath dress with matching jacket and matching accessories and a corsage of yellow and white baby mums.

Mr. and Mrs. Cooke will reside at 1759 Victoria Park Ave., Scarborough. Out-of-town guests were present from Belleville, Toronto, Sudbury, Stirling, Hamilton, Kingston, Peterborough, Madoc and Ann Arbor.

When held up at a level crossing, always stop your car well back from the tracks. The Ontario Safety League warns that cars halted close to the tracks have been bumped into the path of the train by a following automobile, travelling too fast to stop in time.

NEWS FOR THE BUSY FARMER

Weed of the Week

COMMON BARBERRY AND EUROPEAN BUCKTHORN

These two shrubs, frequently serving as ornamentals, are in fact outlaws in Ontario, listed as noxious in the Weed Control Act. Their assistance in the development of grain rusts is the reason for their disfavor. Field Crops Branch, Ontario Department of Agriculture, not only outlaws these shrubs, but, in effect, offers a bounty for their destruction. This is in the form of a subsidy of 50 percent of the cost of the chemicals to any county co-operating in this "anti" grain rust campaign, the subsidy not to exceed \$600 in any one year. Since chemical treatment is cheap and effective, a total outlay of \$1,200 in a county, properly administered, could substantially reduce the rust hazard to grain crops. Leaf and stem rust are recognized as the most serious of cereal diseases.

Plant breeders have attacked this problem by developing cereal varieties resistant to known common races of rusts. Success has been only temporary, for new races of rust are constantly developing by hybridization, a process which takes place during the stage when the spores are located on the host plant, Common Barberry or European Buckthorn. Thus a cereal variety possessing all the desirable characteristics of high yield, quality grain, good straw strength, after a few years of usefulness may succumb to a race of rust which did not exist at the time of its introduction.

Common Barberry is the host plant of the stem rust organism which attacks wheat, oats, and barley. European Buckthorn plays the same part in perpetuating leaf rust of oats. It is important to recognize and destroy these shrubs, whether they occur in fence rows or hedges, common habitat of buckthorn; or as individual bushes on lawns, and old pastures, where common barberry is most frequently found.

Japanese Barberry, a horticultural variety, is a useful ornamental shrub which plays no part in the propagation of stem rust. This shrub is easily distinguishable from the Common Barberry. However, several hybrids have recently been observed, some of which are harmless — some are not. These may be intermediate in distinguishing characteristics, but the final verdict on whether they should or die should be based on whether the orange coloured rust spots are present on the backs of the leaves during early summer. If rust spots are present, destroy the shrub.

Timely Tips

Keep the litter depth down to 3 or 4 inches after you move your pullets off range, suggests Prof. Earl Hunt, OAC poultry researcher. For the first few weeks try to make conditions somewhat like those on range. Give the birds lots of ventilation — they're used to it. You might give them some green feed too. See that they all get up on the roosts every night. Birds sitting on the floor often crowd, overheat, and may get respiratory disease.

Avoid the spring rush — soil test your fields for spring-grown crops

now, advises Prof. Ted Heeg, OAC soils specialist. Another advantage: You can plan next year's cropping programme early and get your fertilizer at discount prices. Send the samples to the Department of Soils, Ontario Agricultural College, Guelph. Obtain a copy of "Help Yourself to a Soil Test," O.D.A. publication 181 from your Agricultural Representative for the correct sampling methods.

Get rid of rats when you're cleaning up your laying pen, advises Prof. John Walker, of the OAC poultry department. Remove the litter and take all the feed out of the building. Then place some warfarin poison, in containers, around the pen. This must be done as soon as the feed is moved out otherwise, the rats will migrate to some other building and you won't get effective control.

Pasture your brood sows and gilts on surplus fall pasture providing it has plenty of legumes in it. So suggests Prof. R. P. Forshaw, OAC swine researcher. Although this is a sound recommendation any time, you'll save more this year due to the present high price of feed grain.

CONSERVATION NEWS

FISH AND WILDLIFE

Bear have now joined the group of animals (caribou, deer, elk and moose), known as big game.

Until July of this year, bear were not protected by the Act. In fact, a bounty of \$10.00 was paid after necessary proof was furnished of the animal being killed in preservation or defence of one's property.

The mischievous bruin was usually destroyed if it ventured too near domestic stock or dwellings and this may continue as the new regulation does not take the right away from persons protecting their property.

The bear deserves the right to be called a big-game animal. Hunting for these animals is becoming an ever increasing source of recreation and will also provide a source of revenue from the sale of licences, guiding and camp accommodations for hunters. A licence is now required to hunt bear in Ontario. Modifications have been made in the deer and moose licences to include bear, valid from September 1st, to December 31st. After January 1st, a special licence will be required to hunt bear until June 30th.

GAME GIMMICK

PAYS OFF

Several weeks ago in this bulletin, it was suggested that anglers apply lipstick to lures in order to attract the male species, thereby conserving the females for future reproduction. After reading this article, an angler from Kaladar reported to us that red nail polish had been applied to a wobbler. Result — 5 lake trout to date ranging from 7 to 3 pounds. Not We don't know what sex they were.

HUNTER SAFETY TRAINING

If you haven't already purchased your 1961 hunting licence, remember that you have to furnish the licence issuer with proof of past experience.

C.N.E. DAIRY PRINCESS

Hon. Dr. Matthew Dymond and 1961 Dairy Princess moments after her crowning at C.N.E. at Toronto, on Thursday, August 31st.

This can best be done by submitting your old licence.

To those of you who wish to use firearms for the first time, you must pass a Hunter Safety Training course. Better register now with your local Fish and Game Club who, for the most part, has been doing an excellent job of supervising the training of beginners.

GROUSE STUDY

The Department of Lands and Forests plans to further its study of the grouse population this year. An age and sex analysis of the kill is required to determine the productivity. Sportsmen can assist the Department in this phase of work by submitting the wing and tail feathers from birds taken this season, (September 23rd to November 18th).

In addition, the Department wishes to carry out a ruffed grouse hunting study. A number of questionnaire cards will be forwarded to sportsmen groups to collect data on the hunt. Co-operation is urgently needed if this study is to be successfully carried out. Additional supplies of these cards will be on hand at District Office.

Cooking Comments

For firmer gelatine salads and desserts in hot weather, try this idea from Macdonald Institute, Guelph. Let the gelatine set at room temperature and when it is firm, chill it in the refrigerator. Then the gelatine won't soften as quickly when you serve it.

Store potatoes in a cool, dark place with high humidity, advises Professor E. W. Franklin, OAC specialist on fruits and vegetables. An unheated basement at 40 degs. is good. Heated basements are too hot for potato storage unless there is a ventilated storage spot. Higher temperatures with high humidity will cause shrivelling and sprouting. Lower temperatures may cause a sweetish flavour and the potatoes won't cook as nicely. Store the potatoes in a darkened place — electric light or daylight will turn stored potatoes green and bitter.

Do you always use white shelled eggs? According to the Foods and Nutrition Department, Macdonald Institute, Guelph, the colour of the egg has no effect on the quality, food value, or flavour. A brown egg is just as good as a white one.

If honey crystallizes in the jar, try this remedy suggested by Professor P. W. Burke of the OAC. Put the jar in a pan of warm water, no hotter than your hand can stand, and the honey will return to a liquid state.

Never Too Old For Exercises

If you are over 40 and always tired you may not need more rest but more exercise, according to Wes McVicar, national director of physical education for the YMCA of Canada.

Writing in a special physical-fitness issue of Health Magazine, published by the Health League of Canada, Mr. McVicar says the kind of exercise needed to produce fitness is not "the same kind and amount sweated through by aspirants for football and hockey teams."

Exercises like rapid walking, golf, swimming, tennis and gardening promote "circulatory fitness."

"Proper exercise as a way of life helps to keep hearts healthy and prevent the onset of cardiovascular disease," he writes. "Physical work protects rather than damages the coronary arteries."

In his article, "Role of exercise in the Aging," published in the same issue of Health, Dr. Paul Dudley

next two months for "Best Idea for Collecting Pennies For Friendship." The contributions are forwarded direct to central office giving a description of how the money was raised.

The President of West Hastings District Women's Institutes, Mrs. Percy MacMullen, has decided to enter this competition. She has received permission from Mr. Earl Wallace, President of Stirling Agricultural Society, to set up a display at the Fair on Saturday. Anyone who is interested can drop in their voluntary contribution to this worthwhile fund.

"Pennies For Friendship" are used by A.C.W.V. to promote a better understanding between the people of the world. A.C.W.V. has set up Village Welfare Committees in various countries and here women and children are taught, handicrafts, better nutrition, home nursing, etc.

In Southern Rhodesia, a mobile van with equipment and teachers is needed in order to reach the remote villages and help these people.

The A.C.W.V. Vice-Presidents for the various countries are giving their lives in this rewarding work which demands endless patience, tact, understanding and sheer physical endurance. In all the countries the amount of voluntary work is most impressive. These women work because they want to serve and thus help others.

The women who attend the A.C.W.V. conferences are immeasurably richer in knowledge, understanding and friendship and through them the hearts and minds of more and more women and turned in the direction of progress and peace. If you would like to assist the "Pennies For Friendship" fund, then you will have the opportunity on Saturday.

A person with charm is one who can make another feel that both of them are pretty wonderful people.

How To Hear Again With New Cordless Electronic Capsule

CHICAGO (Special)—A wonderful tiny new hearing aid utilizing the latest in electronic research—that can correct hearing loss without cords, wires or plastic tubes was announced by S. F. Posen, noted acoustical authority.

Posen stated, "This remarkable new hearing aid slips in and out of the ear as easily as snapping your fingers. It provides higher fidelity hearing at natural ear level that can help many sufferers from mild hearing loss."

Posen also announced that a thrilling new, fully illustrated book reveals all the exciting facts about this revolutionary new way to hear clearly again. "It is most reading for everyone with a hearing problem," he added.

To acquaint readers of this newspaper with full details, the book will be sent free in a plain wrapper on request. No obligation. Write today to Dept. 2-505, Beltone Hearing Aid Co., 156 Lombard Avenue, Winnipeg 2, Manitoba. A postcard will do.

TIPS

ON HOW TO SAVE MORE PIGS AT FARROWING TIME

1. Scrub sow with solution of Purina C & S Powder, rinse with clear water, then with Purina Disinfectant Concentrate solution 1 oz. to 6 gals. water.
2. Clean and disinfect farrowing quarters and equipment to control scours and transmission of worms or diseases.
3. Keep farrowing place well ventilated.
4. Try to keep temperature above 40° in winter, under 70° in summer.
5. Take up each pig and immediately tie and clip navel cord, at about 2 inches, and paint with a 50-50 iodine and glycerine mixture.
6. Wipe away slimy mucus from nose

and mouth. Put in brooder or under heat lamp.

7. Clip needle teeth, using sharp clippers, to prevent pigs from injuring each other and sow's udder.

8. After teeth are clipped, paint gums with iodine-glycerine mixture. If ears are notched, also paint with iodine-glycerine mixture.

Funeral of the Late Luella Matthews

(Campbellford Herald)

Miss Luella Matthews passed away in Toronto on Tuesday of last week, where she had been for the past four years.

Born in Rawdon Township just more than 60 years ago, she was the daughter of the late Robert Matthews and Elizabeth Ketchen. She was a school teacher by profession, and retired from active duty in 1950. She was a Presbyterian.

Surviving are two brothers, Robert, of Harold, and William, of Menie; two sisters, Mrs. Harper (Mary) Rolias, of Stirling, and Mrs. Herb (Ruth) Sills, of Toronto.

Funeral services were conducted on Thursday, September 7th at Bennett's

Funeral Parlours, Campbellford, by Rev. A. E. Toombs and interment was in Burnbrae Cemetery.

The pallbearers were Messrs. Ken Oddie, Bogart Linn, Fred Beckett, Omar Dracup, Wm. Hume and John Clough. The flower bearers were Malcolm, Don, Ken and Robert Matthews, Garland McCoy and Ernest Thain.

Rawdon Council

Rawdon Township Council met on September 5th with the members all present.

Beckett and Johnston — The correspondence received from the County Clerk-Treasurer of the County of Peel be received and filed and no action taken.

Morton and Brown — The follow-

ing relief vouchers be paid: Kellar's Grocery, \$39.29; supplementary assistance, \$20.00.

Beckett and Johnston — Road voucher No. 8 for \$5431.20 be paid.

Brown and Johnston — The representative of the Department of Agriculture, Sid MacDonald, be paid \$75 re the Farmstead Improvement Contest. This money to be spent in the Township of Rawdon.

Council as a whole went into a committee on bylaws. Bylaw No. 219 was passed making a change in the salary of Road Superintendent, increasing salary from former bylaw \$100 per day, commencing September 1st, 1961.

Council adjourned to meet Monday, October 2nd at 7.30 p.m.

St. Andrew's W.M.S.

The regular monthly meeting of St. Andrew's W.M.S. met at the home of Mrs. Jas. Johnston with a fair attendance.

The President, Mrs. B. Reid, opened the meeting with a word of welcome and hoped all had enjoyed the holiday. The opening hymn was "My Hope is Truth on Nothing Less," followed with prayer from the Glad Tidings by Mrs. W. L. Munro. Psalm 91 was read in unison, followed by the Lord's Prayer.

Roll call was responded to by the word "Hope."

Mrs. Geo. Saries convened the programme, opening with a poem, "This Day." The hymn "The Church's One Foundation" was sung and Mrs. Roy Eggleton gave an interesting account of the origin, and writer of this hymn. Mrs. V. Matthews gave a lovely musical selection which was as usual much enjoyed.

Miss Gena Spry gave a reading on "Hope."

Mrs. Jas. Johnston introduced the guest speaker, Mrs. P. J. Hommersen, who gave a very fine address dealing with "Hope, Faith and Love." Following her address Mrs. E. Fox extended the sincere thanks of the society to Mrs. Hommersen and presented her with a small gift.

The Mispah Benediction closed the meeting, after which a lovely lunch was served by the hostess, Mrs. Jas. Johnston and her assistants, Mrs. K. Ray and Mrs. G. Saries, for which Mrs. A. Greenley expressed the thanks of the Society.

Wellman's W.I. Sponsor Bus Trip

On Thursday, August 31st, thirty-three ladies and 4 young gentlemen enjoyed a bus trip to Peterborough in one of the Franklin coaches, from Marmora, viewing interesting points in the city. The bus left Wellman's at 8.00 a.m.

The Brinton Carpet Factory was the first place visited. Everyone enjoyed a picnic dinner at the Riverside Park. Having over two hours at noon, everyone went downtown for a brief shopping tour.

At 2 o'clock the radio and television station was visited. This proved most interesting as one sees how the programmes are made up. Upon leaving the studio the next visit was to Quaker Oats. Many kinds of cereal were seen in the making and upon the visitors' departure each was presented with a carton of assorted cereals.

On leaving the city the Lift Locks was visited. When the group returned to Marmora, they were taken out to the Look Out at the mine, east of Marmora.

At about 5 o'clock the bus returned to Wellman's with everyone reporting a very enjoyable day. This was the first trip of this kind sponsored by the Institute, which proved most successful.

Cronkwright -- McKeown Nuptials

In St. Mark's Anglican Church, Bonarlaw, on September 2nd, Brenda Hope, second daughter of Mr. and Mrs. Clarence McKeown, became the bride of William J. Cronkwright, son of Mr. and Mrs. Clayton Cronkwright, of Marmora.

The Rev. R. G. Fleming, rector of the parish, performed the double ring ceremony amid a setting of "mums and gladioli."

The bride was attended by her sister, Beverley, of Windsor, and the groom by his brother, Lorne, of Marmora.

During the ceremony wedding music was played by Mrs. Fleming.

A small reception was held at the home of the bride's parents, after which, amid showers of confetti, the happy couple left on a motor trip.

On their return they will reside in Peterborough.

Guests were present from Windsor, Cobourg, Peterborough, Marmora and Bonarlaw.

St. Paul's W.A. Pot Luck Supper

On Tuesday evening, September 5th at 7 o'clock, a pot luck supper was held in the Church parlours for the first meeting of St. Paul's Woman's Association after the summer vacation.

At 8 o'clock the President, Mrs. C. Davidson, opened the meeting with the theme hymn and prayer and a poem "The Values of Fellowship" was read.

An invitation from Springbrook was received and accepted.

Mrs. J. McCaughen was the convener of the meeting. Hymn 286 was sung. The Scripture reading was Matthew 7: 7-12. The meditation on the Scripture, followed by prayer were given by Mrs. J. McCaughen and Mrs. D. Duffin.

A very interesting film, "Conservation Moira," was shown. In this film many well known places along the Moira River were shown and it was also pointed out how trees are being planted to conserve the soils in this area.

Mrs. J. Hough expressed thanks to Mrs. J. McCaughen for her large share in this enjoyable evening.

Imported goods have risen in 10 years from 22 to about 41 percent of domestic production for the Canadian electrical manufacturing industry.

MR. MOTORIST . . .

Are the smoothest roads feeling bumpy and uncomfortable? Is your car pulling to one side, steering hard or wandering over the highway? Noticed your tires wearing unusually fast or unevenly? Maybe you have noticed all these — and are putting off these needed repairs. Maybe you haven't noticed them because you've gradually become accustomed to these conditions. And maybe your car doesn't have a thing wrong with it.

Every car should be checked periodically for correct front-end alignment. Mis-alignment causes extensive tire wear and could be the cause of a serious accident. If you are experiencing front-end difficulties, we have the scientific equipment and factory-trained personnel to repair these difficulties quickly, properly and at a fair price.

Why not drive in to our service department for a front-end inspection. We'll tell you, honestly, if you need repairs or not. If you do, we'll give your car **Quality Guardian Maintenance Service**. If you don't need adjustments, we'll be glad you dropped in. Remember, your safety is important to us because we'd like car owners to be our friends for many years to come.

Sincerely,

GEO. LOSHAW

Weatherman Favours 103rd Annual Fall Fair At Stirling On Saturday

Exhibits of Ladies' Work Big Feature—Achievement Days Held For 4-H Clubs

Stirling's 103rd annual Fall Fair was favoured with perfect fair weather and a good attendance on Saturday last. Due no doubt to the late harvesting operations the entry list in the various livestock sections were not as large as in other years. However it was a "good fair" and President Earl Wallace and his supporting directors are to be complimented for providing fair patrons with a good show.

Band in Attendance
Music for the afternoon was provided by Stirling-Rawdon Junior Band under the direction of Maurice Bell. Pupils of Miss Barbara Woodbeck provided the platform show with dance and baton twirling numbers.

Exhibits in Main Building
The main exhibit building had its array of produce of garden and field, home cooking that made the mouth water, and handicraft ranging from large quilts to the smaller items of wearing apparel. The excellence of the farm and garden exhibits, as well as the fancy work, drew many fine compliments from the fair patrons.

Commercial exhibits in the main building included Jack's Appliance Shop, Lamb's T.V. display and Co-Operators Insurance Association. The Trent-Moira 4-H Forestry Club also had an interesting exhibit of various species of tree twigs, leaves and seeds, in the main building.

Button Display
A display of rare buttons by Mrs. Harris, of Wellington, drew much attention from fair patrons and proved an interesting feature.

Lady Directors To Be Congratulated
The Lady Directors of the Fair, under the leadership of the President, Mrs. Percy Utman, are to be congratulated on the success of their portion of the Fair. They have worked tirelessly for the improvement of the floral, needlework, school and domestic science sections. Many congratulatory remarks were heard about the quality and the well displayed exhibits.

Since the organization of the lady directors, about three years ago, a great deal has been accomplished in the way of improving the local Fair.

Domestic Science
The Domestic Science exhibit featured a delectable assortment of pies, cakes, cookies, tarts, bread and buns, and other examples of home baking; art; bottled goods; eggs and boxed lunches.

Colorful Display
The Stirling Horticultural Society provided a colourful display of summer blooms and plants, attractively arranged in separate groups.

Products of farm and garden including a variety of fruits, vegetables, grains and seeds, were also on display.

Ladies' Work
The ladies' work section was by far the largest exhibit, with the domestic science section running second in number of individual items.

Lovely examples of clever and imaginative needlecraft were on display. Included in this division were ladies', men's and children's wear, a thrift division, and home craft sections, featuring quilts, rugs, cushions, crocheted table cloths, dollies, embroidered and cutwork pillow cases, apron and towel sets, stuffed animals and pictures.

A public address system, set up on the grounds and operated by F. DeCarroll, Campbellford, gave splendid service and carried the announcements of events to all parts of the grounds.

Cheese Show
There was a large commercial

Brownies To Register

Registration for Brownies will take place on Monday, September 25th at 4.10 p.m. at the Stirling Community Hall. Please bring registration fee of \$1.00.

Stirling AOTS Defeats Rawdon

In a game which saw many of the "old timers" in action once again St. Paul's United Church AOTS Men's Club defeated the Rawdon Circuit Club 29-27 in softball at the Henry St. Playgrounds last night.

Gordon Barrie was on the mound for the winners with Grant Stapley behind the bat, while Doug Campbell and R. Jeffs divided the pitching duties for Rawdon. Bill Jeffs, who starred for Rawdon teams in the early thirties, was behind the bat and was whipping the ball around in his old time style.

cheese exhibit with district makers entering a total of close to thirty cheese, including stiltons and square cheese. Don Pollock, of Evergreen Cheese Factory, carried off top honours, with other entrants being Ivan Sine, Eldorado; Thos. Saries, Stirling; H. Smarr, Harold; C. Blair, of Marmora, and H. Elliott, Foxboro. School Section

It was in the agricultural building that the work of the junior department stood out. There were many fine exhibits of weeds, insects, vegetables and flowers. In addition there were the regular public school classes in drawing, writing and other school work. This exhibit attracted a great deal of attention and doubtless will continue to be a regular feature of the fair.

Good Midway
The midway attractions by Attraction Canadienne Shows were well patronized during the afternoon.

A Bingo game by the lady directors and a Boy Scout Booth, as well as the dinner and luncheon by Mount Pleasant ladies, were well patronized.

4-H Clubs Achievement Day

A big feature of the fair was the part taken by Stirling district Junior Farmers and 4-H Club members.

Under the direction of its club leader, Douglas Dettlor, and Assistant Paul McKeown, the Stirling 4-H Calf Club held its achievement day with 100 percent competition by club members.

Thirty-five club members turned out for the fall fair with their calves with Joe Hagerman having the top senior Holstein calf. Grant Hagerman had the top Junior Holstein calf; David Murray, Stirling, showed the top Junior Ayrshire, and Sheila Slater, Foxboro, the top Shorthorn junior. Malcolm Matthews, Harold, showed the top senior Guernsey. He also was the top novice showman.

Won Bank of Montreal Trophy

Joe Hagerman also won the Bank of Montreal trophy for the highest scoring member, and the halter donated by Chas. Davidson.

Lindsay Anderson, of Campbellford, was the judge.

Trent-Moira Forestry Club

In the Trent-Moira Forestry Club, John McGee, Stirling, was the top man, with Kalvin Sharpe, second. E. Edison, Dept. of Lands and Forests, was the judge.

In the Grain Club exhibits, judged by S. MacDonald, Ron Heath had the best exhibit, with Elizabeth Seger, of Madoc, winning second.

Sweet Corn Club

Joe Hagerman was high man in the (Continued on Page Eight)

Kitchen Shower For Miss Betty de Jong

The home of Mrs. Anne Zylstra, of Frankford, was the scene of a happy gathering on Monday night when a number of friends tendered Miss Betty de Jong, bride-elect, of Stirling, a kitchen shower.

Following the presentation of a corsage, Miss de Jong was seated in a suitably decorated chair and was the recipient of numerous gifts.

Various games were enjoyed after which the gifts were opened and Betty voiced her sincere appreciation to her friends for their gifts.

The hostess served delicious refreshments to bring an enjoyable evening to a close.

District Boys Enrol at OAC

Hugh Hoard, son of Mr. and Mrs. Robt. C. Hoard and Roger Smith, son of Mr. and Mrs. Herb Smith, Stirling R.R. 3; Paul McKeown, son of Mr. and Mrs. Thos. McKeown, Springbrook, and Ron Heath, son of Mr. and Mrs. Wm. Heath, Stirling R.R. 1, are among those who have enrolled in Agriculture at the Ontario Agricultural College, Guelph, this week.

Lady Bowlers Won At Kingston

Two pairs of Stirling lady bowlers attended the tournament on the Kingston Lawn Bowling greens on Tuesday. Mrs. E. Green and Miss Rosa Spry, skip, were among the three-game winners, while Mrs. J. Doran and Mrs. B. Woodbeck failed to get into the prize money.

Stirling-Rawdon District High School Board Plan Official Opening

Fifteen Additional Type-writers To Be Purchased—Grant \$300 For Athletics

A heavy agenda of general business plus planning for the Official Opening of the new school were responsible for a lengthy session of the Stirling-Rawdon District High School Board last night. Commencing at 8.30 p.m. it was 2.30 a.m. before the members finally called it "quits" and the final touches are still to be added to the programme of the opening.

Dr. R. B. Murray presided and all members of the Board were in attendance.

A communication from Miss Beverly Cooney announced that she was taking the special commercial course at Belleville Collegiate Institute, for which the local Board will be responsible for tuition costs. A letter of acceptance was tabled from Mr. W. R. Stewart, Assistant Superintendent of Secondary Education, who will be the special speaker at the official opening of the new school, and Frank Quick wrote regarding installation of a suitable pump pump in the boiler room. On motion of D. Rodgers and J. Johnston the Secretary was instructed to write Bruce Lang asking him to visit the school and assess the situation.

Caretaker J. Irish enlightened the Board members on various items needed at the school including small floor polisher, exit light in gym, waste containers, flag pole, bulletin boards and incinerators. He also outlined a change in the gas hot water heaters which, if made, would reduce cost of operation. This matter will be investigated further by the Board. His report was received on motion of J. Johnston and Mrs. Hatton.

Boiler Insurance Increased

D. Robson addressed the Board relative to the accident insurance carried on the pupils, showing the number of pupils in each option. Of the 262 cards there were 66 who did not wish coverage; 129 or 49 1/2 percent with option A (twelve months coverage); 32 or 12 percent with option B (24 hrs. daily with exception of July and August); and 35 or 13 1/2 percent covered for school athletics only.

He also discussed the boiler insurance with Board members, recommending the coverage be extended to include boiler, hot water tanks, air tanks and all piping, with \$100,000 risk. On motion of D. Rodgers and H. Morrow the boiler insurance was increased accordingly.

Observe 56th Anniversary

Congratulations are extended to Mr. and Mrs. J. B. Belshaw, Front St. W., who observed the 56th anniversary of their wedding yesterday (Wednesday, September 20th).

In the evening they were guests of Mr. and Mrs. C. B. Rollins, at a turkey dinner. Other guests were Mrs. Chas. Mumby and Mrs. Albert Twiddy, of Harold. Later a number of relatives gathered and the remainder of the evening was spent in visiting and reminiscing about days gone by.

Boy Scouts To Have Paper Drive

Scouts have started again, and glad we are too. We already have two meetings under our belt with the next get-together on Saturday morning, September 23rd for a Paper Drive. All Scouts are asked to meet at Scouter Irish's house at 8.15 a.m. sharp.

We hope to get an early start using Bob Cooke's two trucks. So if all would kindly set their papers in front of their house it would be appreciated by the Scout Troop.

This year's Troop is being guided by Donald Pitman with Jim and Doug McIntosh, Al Tanner and Ron Woodbeck as assistants.

A Court of Honour was formed from the Troop and consists of all the Patrol Leaders. Jim Haggerty was elected Chairman.

The next meeting will be in the High School gym at 7.15 p.m. on Tuesday, September 26th. At this meeting the Cubs will have their Going-Up ceremony All Scouts and Cubs to be in full uniform.

Rev. W. G. Fletcher Breaks Leg

Rev. W. G. Fletcher, minister of Rawdon Circuit, is moving around on crutches these days as a result of an accident on Friday last. He was picking some apples on the farm of M. Wrightman, R.R. 3, Stirling, when he slipped and twisted his ankle. On Saturday an X-Ray revealed a fracture of the fibula bone just above the ankle.

Merrie Bowlers Open Season

The Wednesday Afternoon Merrie Bowlers got off to a flying start yesterday. Ollie Orser's team took 7 points from Marie Eggleton's girls, while Ann Rodger's team had five points to 2 over Joan Cooke's bowlers. All look forward to a good season of fun and enjoyment.

High single and triple, 235 and 522 went to Marilyn Pollock. Other good games: Evelyn Dunlop 212 and Jean Cooke 216.

Attend Rotary Convention

President R. L. Hatton, of the Stirling Rotary Club, accompanied by Mrs. Hatton, attended the District Rotary Convention held in North Bay on Monday and Tuesday. Approximately 200 Rotary delegates, representing 1300 members, from 29 clubs in district 701, were in attendance. Monday's highlights were the Governor's banquet and ball. The Rotary Ann was feted at the North Bay Golf and Country Club at a luncheon followed by a fur and shoe fashion show. The District Governor is T. M. Palmer, of North Bay.

Chicken Barbecue Proves Successful

The annual chicken barbecue, sponsored by Stirling Encampment No. 80, I.O.O.F., in the Oddfellow's Hall, Charlotte St., on Tuesday evening, proved a decided success. Many fine compliments have been heard on the excellence of the cuisine and the service and Chief Patriarch Robt. Huln and his assistants are to be congratulated on the success attending their efforts.

September Meeting C. Women's League

The September meeting of the C.W.L. was held in the Recreation Rooms recently.

Miss Alice O'Donnell acted as hostess for Mrs. John Doran. Roll call showed 12 members present.

Several items of business were discussed, including the installation of a telephone in the rooms.

Miss Alice O'Donnell gave a reading entitled, "The Four Glorious Mysteries." The meeting closed with prayer, followed by lunch and a social half hour enjoyed.

Local and Personal

Mr. and Mrs. Earl Eggleton returned home Sunday after spending the summer months at their cottage at St. Ona on Salmon Lake.

Mr. and Mrs. Raeburn Thain, David, Carolyn and Janet, have returned to their home in Sudbury, after spending a week's vacation with relatives in Stirling.

Mr. and Mrs. Harold West left this morning (Thursday) by motor to attend the National Dairy Convention held at Halifax, N.S. They were accompanied by Mr. and Mrs. Burness Wainman, of Napawan.

Mr. and Mrs. W. S. Edwards, of Toronto, spent the week-end with Mr. and Mrs. R. W. Melkjohn.

Mr. E. Hrecock, of Nelson, B.C., was a dinner guest of Rev. and Mrs. K. J. Rooney on Thursday last.

Leaders' Training School Held Here

Miss Julia Lane, Home Economist, Outlines Project — Ten Homemaking Clubs

A training school for the leaders of the various 4-H Homemaking Clubs in South Hastings was held in Stirling on Tuesday and Wednesday of this week. Miss Julia Lane, Home Economist for Hastings and Lennox and Addington, was in charge of the school and was assisted by Mrs. Grover Smith, of Pleton, Home Economist for Prince Edward and Northumberland Counties.

The project for the coming term is "Cotton Accessories for the Club Girl's Bedroom" and the members of the various clubs will receive instruction in making bedspreads, dresser scarves, cushions and waste-paper baskets. The Achievement Day for the project will be in January of next year.

The various clubs and their leaders are as follows:

Quinte — Mrs. Manley Mitchell, Mrs. Robt. Atkins and Mrs. Wm. Lazariuk.

Foxboro — Mrs. Leon Trupp and Mrs. Lyle Lewis.

92nd Anniversary Wellman's Church

The 92nd Anniversary of Wellman's United Church was held on Sunday, September 17th. There was a large attendance at both services.

Rev. John E. Glover, B.A., of Mar-mora, was the guest speaker for these services, with Rev. W. G. Fletcher assisting. Mrs. Craig Watson presided at the piano and the All Ladies' Choir, under the leadership of Mrs. Gerald Clancy, provided special music.

Morning Service

The morning service began at 11:00 o'clock with Mrs. Watson playing Prelude by Chopin. The Responsive Reading was the 84th Psalm and the Scripture Lesson was taken from I Corinthians, chapter 12, verses 4 to 31.

The hymns sung in the morning were "Now Every Morning is the Love," "Dear Lord and Father of Mankind" and "Glorious Things of Thee are Spoken." The offering was taken by Messrs Richard Dracup and Allen Fletcher, during which time Mrs. Watson rendered "Thanks Be To Thee," by Handel, on the piano.

Four junior members of the choir, Misses Nancy Tompkins, Mary Dracup, Lois Morton and Carol Beck-ett, gave a four part rendition of "Were You There." The entire choir sang "Closer to Jesus," by Ethel Parker.

Rev. Glover chose for his text in the morning I Corinthians, chapter 12, verse 27, "Now ye are the body of Christ, and members in particular." He compared us to a body where the soul expresses itself through the medium of the body and the members are the hands, feet, mouth, etc. We are like this in relation to Jesus Christ, He being the body and the people the members through which Jesus work is carried out. At one time Jesus too was an earthly body, later to be crucified and since then the Church has been the Eternal Spirit of God. The only way the teaching of Jesus can be carried on is through its people. It is the challenge of everyone to manifest that Spirit of Jesus Christ. God has His independent work but is very dependent on humanity for work. The foundation of things is here but we have to make something of it. We must do our part, use facilities given us by God and co-operate with Him. In closing Rev. Glover stressed that fact again and again that Jesus' Spirit is everywhere, looking for hands to you.

Following the benediction, Mrs. Watson played "The Lord is Mindful of His Own," by Mendelssohn.

Evening Service

The evening service was at 8 p.m. with Mrs. Watson playing "Bless This House," by Brahe.

The opening hymn were "The Lord's My Shepherd" and "How Firm A Foundation." Rev. Glover and Rev. Fletcher took parts in the introductory parts of the service. Mrs. Watson played "Dream Picture," by Stultz while the offering was taken.

Special choir numbers in the evening were "The Window of Prayer," by Richard Alan Martin, sung by the entire choir and "The Church by the

Side of the Road," sung by a ladies' quartette. Mrs. Gerald Clancy, Mrs. Jim Pollock, Mrs. Gerald Russell and Mrs. Ken Tompkins.

At this service Rev. Glover read the 73rd Psalm and based his sermon on the entire passage, quoting various verses again from time to time during his preaching.

He showed how that if a person really seeks God and goes for it, he will get to God. He made reference to Job and the hardships he endured yet was able to cling to his faith throughout all his troubles. The speaker told of how sometimes we see a person close to use who has only so much wealth, yet we who put so much work towards God don't seem to gain time goes on these people who cling to God will see that their rewards are far greater than those gaining riches. The prayer brought to a close a very interesting service. Both sermons preached by Rev. Glover were very inspiring and left a great deal for people to go home and think about.

The closing hymn, "Will Your Anchor Hold," seemed such an appropriate ending to two such deep influential messages. Mrs. Watson used "Vesper Hymn," by Vandersloot, as the Postlude to this service.

A word from the Ontario Safety League to slow drivers . . . you are lacking in consideration and courtesy if you drive well below the speed limit and have a clear road ahead, but have several cars lined up close behind. Further, it is dangerous because the following drivers will become impatient and are liable to take chances trying to pass you.

Mt. Pleasant W. M. Society

The September meeting of Mount Pleasant Rawdon Woman's Missionary Society convened at the Church Hall with twenty-three ladies in attendance.

Mrs. Will Jeffs and Mrs. W. G. Fletcher were hostesses. A bouquet of asters graced the President's table.

Mrs. Burton Sharpe was pianist and the President opened with "Praise My Soul." Mrs. Herbert Smith offered prayer for our missionary, Miss Verna M. Cook, Quebec.

Mrs. Percy MacMullen read the August minutes and thirteen members answered the roll call. The Treasurer reported about sixteen dollars in the bank. The pastor spoke briefly re the new organization.

Mrs. Donald Knight conducted the devotional on "Faith" and gave the meditation and prayer. Mrs. Burton Sharpe read the Bible lesson. David Jeffs gathered the offering which Mrs. Will Jeffs dedicated. All sang "Faith of Our Fathers."

Mrs. Stanley Williams introduced a playette in three scenes. The stage was decorated with modern furniture and flowers.

In scene one Mrs. Clarence Scott had just arrived from England and Mrs. Ross Jeffs made a hurried church call, which wasn't very impressive.

In scene two Mrs. Herbert Smith and Mrs. Ernest Spencer visited Mrs. Scott and gave a good explanation of W.M.S. work and kindly invited her to attend the next meeting.

The last scene portrayed a W.M.S. meeting in action and others who had parts were Mrs. Raymond McConnel, Mrs. Grant Hubble and Mrs. W. G. Fletcher.

Mrs. John Mulheron voiced thanks to the programme conveners, Mrs. Knight and Mrs. Williams and they were given an ovation for their efforts.

In place of the study book Rev. W. G. Fletcher showed a group of pictures under the heading, "Beyond the Bell. These emphasized the responsibility of the church across Canada.

The President spoke briefly re the allocation which is \$468.00, plus sixty cents extra per member. There are six life members and thirteen annual

Donnan — Elliott Nuptials

Baskets of pink and white gladioli adorned the altar of the Full Gospel Tabernacle, Frankford, where a lovely double-ring wedding ceremony was solemnized at 2 p.m. on Saturday, September 2nd, when Connie Doreen Elliott, youngest daughter of Mr. and Mrs. Clifford Elliott, R.R. 2, Belleville, became the bride of Rev. Robert George Allan Donnan, son of Mr. and Mrs. Melville Donnan, R.R. 2, Stirling. The Rev. Mac Milson, of Elmira, Ont., brother-in-law of the bride, officiated at the ceremony, assisted by the Rev. Fred Spring, of Frankford.

Mr. Mervin Saunders, of Prescott, Ont., presided at the organ and accompanied the soloist, Miss Bessie Sarenchuk, of Toronto, who sang "Saviour Lead Them," before the ceremony and "Together With Jesus Life's Pathway They Tread" during the signing of the register and also "A Wedding Prayer" as the bride and bridegroom knelt on a white satin cushion during the last prayer of dedication.

Given in marriage by her father, the bride was radiant and lovely in her full-length bridal gown of white Chantilly lace and net over satin, featuring a scalloped neckline and fitted bodice trimmed with pearls and crystalized sequins and long lily-point sleeves. The skirt featured Chantilly lace panels front and back with side nylon net tiers. A tiara of rhinestones held her shoulder-length tulle veil in place; the veil being accented by embroidered white edging. She carried a heart-shaped bouquet of red and white sweetheart roses, centered by a white leather-bound Amplified New Testament, gift of the bridegroom.

Mrs. Douglas Flood, of Belleville, attended her sister, as matron of honour. She was gown in mauve peau de soie featuring a boat neckline tapered to a V-shape back with three-quarter length sleeves and full skirt. A cummerbund flowing into a large bow complimented her gown. Her headress was a band topped by a large bow of matching peau de soie.

Miss Doris Donnan, R.N., of Hay River, N.W.T., sister of the bridegroom, and Mrs. Gordon Smith, of Frankford, a friend of the bride, were bridesmaids. They wore similar gowns to that of the matron of honour in mint green peau de soie and matching headresses.

All carried fan-shaped bouquets of pink feathered carnations, mingled with laccelon. The bride's gifts to her attendants were single strands of crystal beads, which completed their ensembles.

Little Misses Sharon Elliott and Mary Lou Sine, nieces of the bride, were the flower girls. They wore gowns in white flocked nylon with a cummerbund flowing into a large bow of mauve peau de soie, the same as the matron of honour, with matching headbands covered with white orchid flowers and tiny mauve bows. They wore sterling silver lockets, gift of the bride and carried baskets of pastel feathered carnations.

Mr. Keith Donnan, R.R. 2, Stirling, attended his brother as best man, while Mr. Reg Elliott, brother of the bride, R.R. 2, Belleville, and Mr. Ray Jack, Belleville, ushered the guests to their seats which were designated by White satin bows.

Master Stephen Flood, nephew of the bride, and Chis Donnan, nephew of the bridegroom, were ringbearers for the occasion, wearing white tweed jackets and dark trousers and carrying white heart-shaped satin pillows, bearing the rings to the altar.

Following the ceremony a reception was held in the Masonic Temple, Frankford, for approximately 100 guests. The bridal table was attractively appointed with white linen damask cloth, centred by a three-tier wedding cake, topped with a miniature bride and groom beneath a half-arch and wedding bell. Pink and white candles, along with the bridal bouquets completed this lovely nuptial picture.

Misses Marlene Wilson and Carol Sine, nieces of the bride, were waitresses on the bridal table, gowned in white nylon with cummerbunds flowing into a large bow of mint green, peau de soie, the same as the bridesmaids' dresses.

The bride's mother received the guests wearing a dusty rose lace sheath and jacket with navy accessories and a corsage of white and baby blue feathered carnations.

Assisting her was the bridegroom's mother, gowned in a mauve figured dress with mauve and black accessories and a corsage of white feathered carnations. Also assisting was the bridegroom's grandmother, Mrs. Jas. Sharpe, of Stirling, who was gowned in brown and green figured arnel with matching accessories and a corsage of bronze 'mums.

For the wedding trip to the Muskoka Lakes, the bride chose for traveling a green figured silk sheath with matching green duster and brown and wheat coloured accessories with corsage of bronze 'mums.

Out-of-town guests were present from Belleville, Stirling, Keene, Renfrew, Elmira, Gaspe, Castleton, Peterborough, Adolphustown, Toronto, Prescott and Hay River, Northwest Territories.

The happy couple will be residing at 12 Elizabeth Street, Stirling.

Previous to her marriage the bride was honoured by a linen shower held at the home of Mrs. Gerald Curry, of Frankford; a miscellaneous shower at the home of Mrs. Gordon Smith, of Frankford, with Mrs. Keith Helm as co-hostess; also a kitchen shower was given by the lady co-workers of the Children's Aid Society, Belleville.

Trenton To Get \$910,413 Federal Grant For School

Lee Grills, M.P. for Hastings-South has announced on behalf of the Minister of Labor, the Hon. Michael Starr, the approval of a Federal Government contribution towards the cost of extending, altering and equipping the Trenton High School.

The project will provide about 34,960 square feet of instructional space for vocational training purposes. About 570 students will be accommodated in commercial and industrial

courses. The estimated total cost of construction and equipment is \$1,213,884. The federal government's share of this amount will be about \$910,413.

A Federal Government contribution of \$435,375 for an extension to the Molra Secondary school in Belleville for a similar purpose was approved on June 27th of this year.

TIPS

ON HOW YOU CAN GET THE MOST FROM YOUR GRAIN

You do not get full value from your home grown grain when it alone is fed to poultry and livestock. Grain alone lacks a variety of proteins, vitamins and trace minerals required for efficient poultry and livestock nutrition. Purina concentrates plug these nutritional gaps to give you top profit feeding.

For instance, feeding tests show that hogs will gain almost half a pound a day more, and take up to 35 lbs. less feed to gain a hundred pounds when home grown grain is balanced right as opposed to when it is balanced only half right.

This is where our Check-R-Mixing Service can help you get the most from every bushel! Our Purina Check-R-Mix service is custom grinding and mixing of your grains with Purina Research tested concentrates. It makes no difference how much grain you bring

in... or what kind... or what livestock or poultry you want to feed. Our mixer-man's Check-R-Mix manual has all the formulas to help him use the right amount of Purina concentrate to help you get all the meat, milk, eggs... and PROFITS your grain will deliver.

Let us mix you a research backed Check-R-Mix ration to fit your situation. Why not talk it over next time you're in town or just give me a call.

Observes His 85th Anniversary

On Monday, September 18th, Mr. Robert Scarlett, of Springbrook, celebrated his 85th birthday anniversary at the home of his daughter and son-in-law, Mr. and Mrs. Chris Bateman.

Mr. Scarlett is yet able to lead a partially active life, being able to be about every day and driving his car to visit friends and to church.

The Sunday previous he attended church in the forenoon at the Gospel Hall where he has been associated for nearly fifty years. Sunday afternoon and evening was spent visiting with friends and relatives who called to express greetings.

Again on Monday relatives and friends called and the day was spent quietly but happily.

After Mr. Scarlett's faith in Christ,

the love and associations of friends is his most valued part of life.

He appreciated all the calls, gifts and the many cards received. His friends join in the hope the future holds many active years for him.

A dainty lunch was served to those who called.

During Sunday and Monday friends called from Rawdon, Rednersville, Stirling, Wooler, Campbellford and Madoc.

Mixed Softball

The "Tomcats" again defeated the "Bulldogs" in softball at the Henry St. Playground on Monday night. Shirley Whiteman was on the mound for the winners with Bob Montgomery behind the plate. Nelta Hosking and Muriel McIntosh divided the pitching duties for the "Bulldogs" with Bill Blakeley and Ron Whiteman sharing the catching. The final score was 45 to 14.

Homers were hit by Bob Montgomery, Don Whiteman, Barry Hewton, Gordon Barrie and Ivan Eggleton.

"Beautena" On Display

A demonstration of interest to farmers is under way at the local store of MacKenzie Feeds Limited. A week-old heifer calf, the property of Kenneth Munby, of Harold, is confined to a stall and will be fed Purina Nursing Chow twice daily. In addition the animal will have free choice of Calf Startena and block salt and water.

On the opening date of the demonstration Tuesday, September 19th, the calf weighed 105 pounds, and the monthly increase will be recorded on a chart to show the Purina Way is best. (adv.)

Christening At St. John's

On Saturday evening, September 16th, at 8 o'clock, in the chapel of St. John's Anglican Church, Bonnie Mae, infant daughter of Mr. and Mrs. Dennis Kent, of Batawa, was christened by Rev. F. F. Downing, of Stirling. The Godparents were Mr. and Mrs. Gene McMaster, of Concession and Mr. E. Kent, River Valley.

There were four generations present at the ceremony, Mr. and Mrs. G. Kent, great grandparents and Mr. and Mrs. E. Kent, grandparents.

Following the christening, Mr. and Mrs. E. Kent entertained. Mrs. Jack Kane poured coffee and Mrs. Philip Conley poured tea and as the christening cake was served, Mr. F. G. Kent proposed a toast to Bonnie Mae, saying he hoped that she would follow in the footsteps of her great grandmother, her grandmother and her mother and he hoped that her sponsors would see that the vows made for her in her name would be fulfilled. Bonnie Mae was the recipient of gifts to commemorate the event.

STIRLING

MR. MOTORIST . . .

Are the smoothest roads feeling **LIKE THIS** lately—bumpy and uncomfortable? Is your car pulling to one side, steering hard or wandering over the highway? Noticed your tires wearing unusually fast or unevenly? Maybe you have noticed all these — and are putting off these needed repairs. Maybe you haven't noticed them because you've gradually become accustomed to these conditions. And maybe your car doesn't have a thing wrong with it.

Every car should be checked periodically for correct front-end alignment. Mis-alignment causes extensive tire wear and could be the cause of a serious accident. If you are experiencing front-end difficulties, we have the scientific equipment and factory-trained personnel to repair these difficulties quickly, properly and at a fair price.

Why not drive in to our service department for a front-end inspection. We'll tell you, honestly, if you need repairs or not. If you do, we'll give your car **Quality Guardian Maintenance Service**. If you don't need adjustments, we'll be glad you dropped in. Remember, your safety is important to us because we'd like car owners to be our friends for many years to come.

Sincerely,

GEO. LOSHAW
Service Manager

Rev. Frederick F. Downing, L.Th., Inducted As Rector of Local Parish

Impressive Ceremony Con-
ducted by The Rt. Rev. K.
C. Evans, Lord Bishop Ont.

St. John's Anglican Church was filled to capacity on Tuesday night for the induction and induction of Rev. Frederick Fuller Downing, L.Th., as rector of the Parish of Stirling, Frankford and Glen Miller.

The impressive service was conducted by The Right Reverend K. C. Evans, D.D., Ph.D., Lord Bishop of Ontario, assisted by The Ven. Rev. J. B. Creighton, B.A., Archdeacon of Ontario, Rector of Christ Church, Belleville, Canon A. J. Anderson, a former Rector, now of Kingston, acted as Chaplain for the Lord Bishop. The Rev. K. F. Blachford, R.A. Rural Dean of Hastings, of Trenton, and Rev. R. G. Fleming, of Marmora, also assisted in the ceremony.

The singing was led by joint senior and junior choirs from Glen Miller, Frankford and Stirling, with Miss Helen Morrow presiding at the console. The flowers, which adorned the sanctuary, were the gift of Mrs. Wm. Love, Frankford.

Following the opening hymn, Archdeacon Creighton read the mandate of induction and the Letters of Institution and License, after which the Lord Bishop of Ontario duly inducted and licensed the incumbent. Rev. Creighton inducted Rev. F. F. Downing into the real, actual and corporal possession of the church, with all the rights, privileges and emoluments thereto.

Church Warden O. Patrick, of Glen Miller; E. Anderson and A. Caskey, Frankford, and W. Webber and G. Morrow, Stirling, presented the keys of the churches to Rev. Downing on behalf of the Parish.

Following the admonitions the Lord Bishop conducted the Institution of Mr. E. C. Hay-Ellis to the office of Lay Reader.

Dedication
The gift of a public address system, to St. John's Church, donated by Mr. and Mrs. J. B. Belshaw, Front St., to the Glory of God and thanksgiving for fifty-six years of married life, was also dedicated by Lord Bishop Evans.

The sermon was delivered by Ven. Nicholas R. Stout, Archdeacon of Frontenac, Gananoque, a native of this district, who brought greetings from the Archdeaconry of Frontenac. He chose as his text "Fear not, go out, for the Lord is with you" and delivered a stirring message in which he admonished the members of the Parish and the new Rector to accept the challenge of their respective responsibilities.

At the close of the service dainty refreshments were served by the ladies of the congregation in the Parish Hall.

A Graduate of University of Manitoba

Rev. F. F. Downing, who was born in Kingston, is a graduate of St. John's College, University of Manitoba, Winnipeg. He was ordained in the Diocese of Keewatin and went to Barboursville, West Virginia, and a half year served among the Oblivian Indians. In 1940 he joined the Royal Canadian Air Force and served as chaplain until 1946, when he returned to Keewatin as General Missionary. In 1948 he came to the Diocese of Ontario as Rector at Tweed. In 1952 he was appointed to the parish of Merrickville and Durbin's Rapids and in 1953 to Landsdowne Rear at Athens, Ont. In July last he and Mrs. Downing and two daughters moved to this village where he will serve as Rector of the Stirling, Frankford and Glen Miller Parish. One daughter, Anne, is attending Macdonald College, at Ste. Anne de Bellevue, and the other, Margaret, is attending the local High School.

Large Number of Clergy Present

In attendance were: The Right Rev. K. C. Evans, Bishop of Ontario, and his Chaplain, Canon A. J. Anderson, both of Kingston; The Ven. J. B. Creighton, Archdeacon of Ontario, of Belleville; The Ven. N. R. Stout,

September Meeting Stirling W. Institute

The opening of the Stirling Women's Institute meetings for the fall term was held at the home of Mrs. Robt. Williams on Wednesday evening of last week.

Mrs. B. Reid, the President, conducted the opening ceremonies, followed by the roll call, school memories, with each giving humorous incidents of the age. Mrs. Frank Smith read the minutes of the previous meeting. The Treasurer's report was omitted. Correspondence was read with no action taken on this matter of business.

It was decided to hold the October meeting on the following Wednesday of the regular date for the meeting with Mrs. Geo. Mumby as hostess with roll call being "Count Your Blessings for Thanksgiving."

Mrs. Reid gave a paper on "Health." Mrs. W. H. Cooke, Mrs. S. McMurray, Mrs. Frank Smith, Mrs. R. Rupert, Mrs. Reid, and Mrs. Ward all celebrated birthdays during the two months holiday. "Happy Birthday" was sung for the group.

Mrs. Smith favoured with two humorous readings. Mrs. Reid conducted a contest, "Floral Wedding." Mrs. R. Williams gave an interesting reading. Lunch was served by the hostess and Mrs. F. Smith. Mrs. R. Rupert voiced appreciation for the lovely evening and to the hostess and committee for the angel cake and ice cream.

Has Operation

Mrs. S. McIntosh, Mill St., underwent surgery in Belleville General Hospital on Wednesday morning.

103rd Anniversary St. Andrew's

Rev. N. Hutchinson, M.A., Belleville, Guest Minister—
Special Music by the Choir

Favoured with lovely fall weather, the 103rd Anniversary observed by St. Andrew's Presbyterian Church, Stirling, on Sunday, was quite successful. The Church was beautifully decorated with seasonal flowers.

Rev. Norman Hutchinson, M.A., of St. Columba Church, Belleville, was the guest minister, and delivered outstanding messages. Mrs. Harry Morrow, organist, presided at the console for both services. Many former members and visitors were present on this anniversary occasion.

Special Music
By the Choir

Special music was provided by the choir at both services, under the direction of Mrs. H. Morrow.

In the morning, the choir rendered the anthem "The Lord is My Light" and Misses Linda Ann Morrow, Janet Johnston and Beth Cook rendered a trio, "Sanctus." At the evening service the choir sang the anthem "Worship" and William Reynolds rendered a solo "The Publican."

Frederick T. Hulin Former Postmaster

Frederick T. Hulin, a former resident of this village, died at his home in Trenton early Saturday morning, following a heart attack.

Born in Madoc he was a son of the late Mr. and Mrs. Wilson Hulin, and was in his 71st year. In 1901 he moved to Stirling with his family and was educated in the local schools. For some years he was employed in Mathers' store and later conducted a grocery business. He served overseas in the First World War and following the war was appointed Postmaster in this Village. Some nineteen years ago he moved to Trenton, where he was employed at the Air Station until his retirement. While a resident here he was an active member of St. Paul's United Church, serving as Sunday School Superintendent for several years. He was a member of the Canadian Legion. In Trenton he was a member of Grace United Church and was active in AOTS Club work.

He is survived by two daughters, Mrs. Harvey (Dorothy) Boyd, of Ottawa, and Miss Betty Hulin, of Toronto; and two brothers, Arthur, of Stirling, and Wesley of Madoc, and three grandchildren.

The funeral took place at the Rushnell Funeral Home, Trenton, on Monday afternoon. Interment at White's Cemetery, Trenton.

Social Held At Wellman's

A pie social was held at Wellman's United Church at 8 p.m. on Friday, September 22nd with a good attendance. The early part of the evening was spent in entertainment.

Mr. Jack Dunham acted as chairman. Mrs. John Carlisle welcomed everyone.

Mr. Howard Hutcheon and son Terry, of Springbrook, sang two duets, "Blow, Wind, Blow" and "When It's Lamp Lighting Time in the Val-

ley," with Mrs. Hutcheon accompanying with the guitar. Bill Bell, of Stirling, gave two cornet solos, "Bless This House" and "Old Black Joe," accompanied on the piano by Mrs. Craig Watson. Miss Linda Anne Morrow, River Valley, accompanied by Mrs. Harry Morrow, sang two solos, "Teen Age Queen" and "If You Were the Old Girl." Misses Sharon Matthews and Nancy Tompkins rendered two vocal duets, accompanied on the piano by Mrs. Craig Watson. "Just A Closer Walk With Thee" and "Bless This House." Messrs John and Eddie Svoboda, Stirling, gave two

piano duets.

Mrs. W. G. Fletcher was called on to introduce the guest speaker, Mr. A. G. Austin, of Waver. Mr. Austin showed nature pictures which he had taken and gave a brief description of each, as to where taken or to the difficulties he had in getting some of them. For the most part the pictures were of birds; however there were some beautiful scenes of sunrises and sunsets. One film was on wild flowers. One doesn't realize all the beauty in nature until they see pictures such as these bringing them so close to you.

Mrs. Jack Dunham thanked Mr. Austin and all others taking part in the programme.

The National Anthem closed the entertainment part of the evening. The ladies served lunch. First sandwiches and pickles were served with coffee for beverage. This was followed by pies of every description. After everyone had their fill they departed having had a very enjoyable time.

St. John's Evening Guild

St. John's Evening Guild met at the home of Mrs. Jack Green with a good attendance.

The meeting opened with prayer, followed by singing the hymn, "What

A Friend We Have In Jesus." The Scripture was read by Mrs. Hay-Elles. All repeated the Guild Prayer to close the devotional part of the meeting. The minutes and treasurer's report were heard and the roll call answered by a place in the Bible and why you remembered it.

The October meeting will be held at the home of Mrs. G. Mouck.

After the business was discussed Mrs. Hay-Elles and Mrs. Green entertained with readings and games which all enjoyed. Dainty refreshments brought the evening to a close.

Mrs. McArton moved a vote of thanks to Mrs. Green and her co-hostess, Mrs. Hay-Elles.

Attend W.M.S. Executive Meeting

Mrs. George Carlisle, President of Belleville Presbyterian W.M.S., and Mrs. Percy MacMullen, Literature Secretary, attended an executive meeting of that organization in the parlours of Bridge Street United Church, Belleville, on Monday, September 18th.

Mrs. Carlisle presided over the two sessions. Plans were made for the Autumn Rallies which will be as follows:

Wednesday, October 18th — Belleville West Section, at Wellman's United Church; Thursday, October

19th, Belleville East Section, at Shannonville; Friday, October 20th, Madoc Section, at Hazzards; Monday, October 23rd, Prince Edward Section, at Cherry Valley; Tuesday, October 24th, Napanee North Section, at Empey Hill; Wednesday, October 25th, Napanee South Section, at Marlbank.

Mrs. MacMullen introduced the new study packets which are based on the theme "Churches For New Times." The purpose of this study is to look at the local church in terms of relationship between the gospel it preaches and what it is and does in the community.

Entered Into Rest

MRS. WILMOT HODGEN

In failing health for some time, Mrs. Ethel Maude Hodgen, R.R. 1, Corbyville, died Saturday in Belleville General Hospital. She was in her 78th

year. Daughter of the late Mr. and Mrs. John Ferguson Yorke, she was born in Thurlow Township and had lived at Foxboro before moving to the Corbyville district six years ago. She was a member of Foxboro United Church. Predeceased by her husband Wilmot Hodgen, she is survived by a niece, Mrs. Robert (Betty) Boomhower, of Pembroke, and two brothers, Fred Yorke, of Corbyville, and Everett Yorke, of Wardsville, Ont., and by one sister, Mrs. Duncan (Nellie) Montgomery, of Stirling.

The funeral was held in the chapel of the John R. Bush Funeral Home, Belleville, on Tuesday afternoon, September 26th. The service was conducted by Mr. C. A. Dawson. Interment in St. Andrew's Gilead Cemetery.

He's a miracle man if he can take the limp out of a lame excuse.

Ever since we got Beautena, the fast-growing Purina demonstration calf we have on display, people have been dropping in to watch her grow. And, she's growing like a weed!

She's Really Growing on PURINA CALF STARTENA

Beautena has had no milk. She got Purina Nursing Chow her first month and has had all the Purina Calf Startena she wanted.

We figure she'll top 300 lbs. in four months... and do it on about 4 bags of Calf Startena. She's going to cost less than 10c a lb. to grow!

RAISE A BIG CALF LIKE THIS WITHOUT MILK!

Raising a big husky calf like this Purina Research Farm heifer is easy the Purina Way. Come in and let us show you how you can let Nursing Chow and Calf Startena team up to help build some of the huskiest calves ever grown on your farm.

Hundred Thousand Visitors Expected For Plowing Match

The Ontario Plowmen's Association now in its 48th year is pleased to announce that plans are in readiness for the annual International Plowing Match and Farm Equipment Show, scheduled to take place north of Belleville, October 4th to 7th. The famous Tented City, covering around 40 acres, will be located on the Farly Vermilyea Farm who, along with his neighbours, is supplying land for plowing competitions, demonstrations and car parking. It is expected that upwards of one hundred thousand visitors will attend. The fact that the event will carry on until the end of the week and Saturday being more or less a free day for workers in industry should help to increase the number of urban visitors, many of whom still maintain an interest in agriculture.

The match will be officially opened at 2 p.m. on Wednesday, October 4th, by the Honourable Alvin Hamilton, Federal Minister of Agriculture. This will be preceded by an official luncheon sponsored by the Association in Tented City. Guests will be taken on a wagon tour of the exhibit area just prior to the opening.

Close to 200 exhibitors including the large machinery companies and a great many food caterers have booked space. The usual services will be supplied such as hydro, water on the tap, fire protection, telephone and wagon tours. In addition, there will be garbage disposal and up-to-date toilet facilities. A full quota of Provincial Police will be on hand to direct traffic. Several firms are offering comfortable places to rest and a free cup of tea.

Plowing competitions will commence each day at 9.30 a.m. On Wednesday, the opening day, several classes will be restricted to residents of Hastings and adjoining counties. Warden Hamilton, of Hastings, has issued a challenge to all Wardens to compete in a special tractor class. This, along with the contest for the Ontario Championship, the winners of which will enter the Canadian Class next year, will be the highlights of the Wednesday programme, insofar as plowing competitions are concerned.

On Thursday, in addition to several classes open to both horse and tractor plowmen, the Inter-County Competition will be staged. Contestants are chosen by their Agricultural Representatives and are required to plow two lands using mounted plows.

The Association will be host to the Canadian Plowing Council and will

co-operate with that body in staging the Canadian Championship Contest on Thursday and Friday. Eight Provinces are expected to have entries in the contest. These include, British Columbia, Saskatchewan, Manitoba, Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island. The winners in this contest will compete for Canada in the 1962 World Plowing Match in Holland.

Among the various classes on Saturday will be the Inter-Secondary School Competition. This is open to all schools in Ontario and each team is required to use mounted plows. It is expected the Seaford High School Band will be on hand to encourage their entry in this contest. Saturday will also see another feature event, namely a Mayors' Plowing Competition, the challenge for which has been offered by Mayor Haig, of Belleville. A show of teams entered in horse plowing competitions will be of interest to horse lovers. In addition, there will be some open classes also confined entirely to visiting plowmen. It is expected that all contestants that took part in the Canadian Championship Contest held earlier in the week will plow in this class.

The women folk will be interested to learn that a programme of flower arranging will be sponsored by the

Department of Agriculture on Friday in co-operation with local Horticultural Societies. This will be held in the forenoon in Eaton's tent. There will also be a Horseshoe Pitching Contest on Friday open to teams from plowing branches across Ontario.

Visitors will be interested in the parade which will take place daily around 1.30 p.m. through Tented City. This will be made up of floats, bands, the latest in farm machinery. Any event of this kind could not possibly be accomplished without a strong local committee. Hastings County has been fortunate in this regard and under the leadership of Dr. Russell Scott, of Belleville, assisted by Sidney MacDonald, Agricultural Representative, Stirling, everything has been done to assure the success of the match.

The Ontario Plowmen's Association will direct the programme assisted by chairmen of the various committees. The County Council of Hastings has gone all out in providing service and financial assistance. The City of Belleville is sharing in this project in a big way by offering a complimentary banquet on Friday evening at which one thousand guests will be in attendance.

OF MANY THINGS

(By Ambrose Hills)

WINNIPEG'S METRO GOVERNMENT

Winnipeg is a big, sprawling metropolis, growing quickly and steadily. Because the plans of the various municipalities were sometimes in conflict, the Government of Manitoba set up a Metropolitan Corporation to take over those services in which co-ordination seemed most necessary.

While many citizens feared that another government on top of all the others might mean just too much in the way of taxes, there was a general tendency to go along with the idea and give Metro a chance.

Today it is difficult not to take sides in the great debate about Metro. Many are up in arms against it, but it also has firm supporters who feel it has done fairly well and that mistakes were only to be expected.

The loudest complaint, and perhaps the most valid one, is that Metro has tried to go too far too fast. In any case, criticism has mounted over the past few weeks. Oddly enough, the greatest criticism of Metro has arisen not from things which it has done but merely from things it is said to be planning.

First came the widespread rumour that Metro was going to ask for a tax of ten dollars on every automobile. Naturally those people who must drive a car, and who are already finding it hard to meet maintenance costs, looked on that tax as the straw that would break their back.

Then came the news that a Metro planning committee wanted to take down all the projecting signs on Winnipeg streets. This plan would hit almost every merchant in the Metro area, as well as the sign companies, their employees and suppliers. It might not bother the big department stores, which are easily found or identified, but it would be a terrific blow to the small side-street establishments.

The sign industry complained that Metro wanted to make Winnipeg into a quiet town instead of the busiest, brightest city of the great Midwest. Many Metro councillors declared that nothing had been done, that everybody was getting excited prematurely.

The fact is, however, that Metro, in the long run, may be destroyed not on the big, important issues, or on what it actually does but on the things it seems to threaten to do. Citizens will often face up to unpleasant facts; but they cannot stand endless uncertainty and rumours.

Craig Watson Elected President Rawdon AOTS Club

Craig Watson, of Wellman's, is the President of the Rawdon Circuit AOTS Men's Club for the coming year. His election took place at a dinner meeting of the Club held recently in Bethel United Church. The worship period was conducted by Herb Smith.

Other officers chosen were Hugh Lyons, Vice-President; Jack Dunham, Secretary, and Glenn Heath, Treasurer.

Presentation

Eric Summers, a charter member of the Club, who recently moved to Collins Bay, was presented with a tie and cuff link set on behalf of the members and made a fitting reply.

Several vocal selections were given by Howard and Terry Hutcheon, with guitar accompaniment. Omar Dracup also favoured with a banjo number.

Guests included Rev. Barry Armstrong and Mr. Clark, of Collins Bay, who spoke briefly.

A New World of Worth from Chevrolet!

You'd expect Chevrolet to do it — and it has! Traditionally Chevrolet has been the leader who so deftly pinpointed the needs of Canadian motorists — and then so aptly developed the right cars to fill those needs! Now Chevrolet has done it again! From its history of achievement in engineering perfection, mechanical durability and luxurious comfort, Chevrolet takes another significant step into the future. And now in 1962, Chevrolet invites you to enter a new World of Worth.

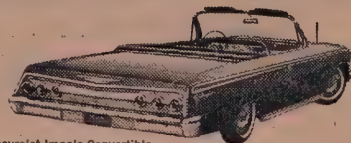

Here's all the car anybody could want. Fresh-minted style that comes to a clean-sculptured climax in the new Impala Convertible. A road-gentling Jet-smooth ride. A new choice of V-8 skedaddle. New Body by Fisher interiors that give wide berth to feet, hats and elbows. Beauty that's built to stay beautiful — right down to new front fender under-skirts for extra rust resistance. And here's more than ever to please you from the make that pleases the most people. Impalas — that take the high price out of feeling luxurious; Bel Airs — that ride as smooth as they look; Biscaynes — that sacrifice not one iota of comfort as they go their thrifty way. See your Chevrolet dealer and talk over this newest version of Canada's traditional leader!

A GENERAL MOTORS VALUE

'62 Chevrolet—Rich new styling with Jet-smooth ride

Chevrolet Bel Air Sport Coupe

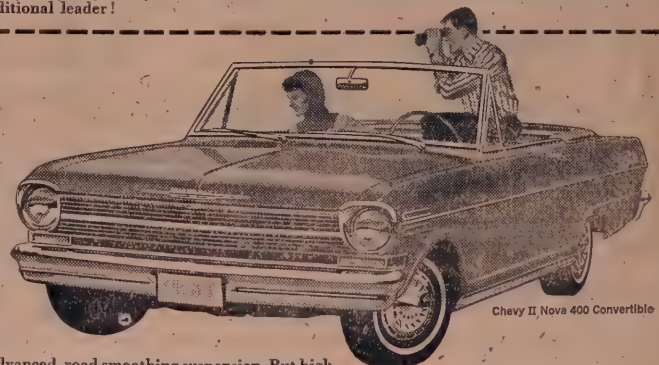

Chevrolet Impala Convertible

CHEVY II — A TOTALLY NEW LINE OF CARS

It's the car just about everybody's been trying to build. But it remained for Chevrolet to come through with it. Here are all the time-tested virtues you expect from Chevrolet plus surprises you've never seen. A full line of saucy new-size models built a new way for easier service and maintenance. Thrifty? Only four cylinders to feed, or six if you like extra scamp. Roomy? Sedan seat six solid citizens. Price? A most pleasant surprise (with the heater-defroster at no extra cost!).

Chevy II doesn't stint on anything — except gasoline! Its power plants both have hydraulic valve lifters and an 8.5 to 1 compression ratio. There's Chevrolet's famous Powerglide automatic transmission available. And there's a suspension system that includes Mono-Plate Rear Springs — part of an advanced, road smoothing suspension. But high on Chevy II's list of virtues is the comfort and style that until now has been known only in cars costing much, much more!

And it's yours to enjoy in all three series of Chevy II — in all nine models. There's the Chevy II 100 series — beauty built for every budget. The Chevy II 300 — function with a flair in a family car. And the Chevy II Nova 400 series — sensibility at its Sunday-best. Choose one — and you get everything you want in a car — including the dollars-lower price tag!

Chevy II Nova 400 Convertible

Chevy II 100 4-Door Station Wagon

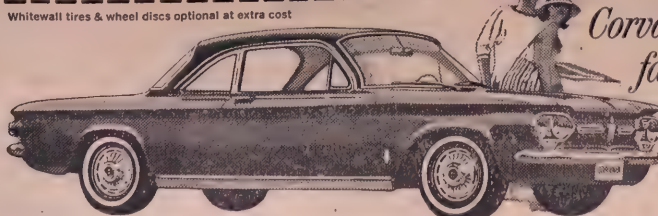

ALL THIS IS YOURS IN A CHEVY II

- Body by Fisher — solid strength and lasting value
- Choice of 2 Power Plants — a frugal four or almost-as-thrifty six
- Choice of 2 Transmissions — 3-speed Synchro-Mesh or Powerglide
- Industry-new Suspension System — Mono-Plate Rear Springs never require lubrication
- Power Features — Steering and brakes optional on all models

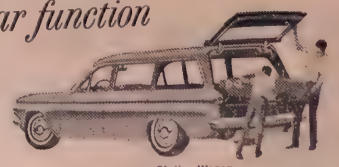

Chevy II 300 4-Door Sedan

- Unique Unitized Construction — two box-like sections for extra strength
- Exclusive Interiors — Handsome upholstery in a choice of colour combinations

Corvair Monza Club Coupe

Corvair—sports car spirit... family car function

Corvair Monza Station Wagon

You'll never find joyful excitement wrapped up so carefully with economy, elegance and sports car dash as it is with Corvair for '62. There's the sure-footed agility that stems from Corvair's rear-engine and weight distribution — complete with its gas-saving ways. There's the sport appeal

of bucket seats* — and there's the kiddies' romping room that comes when the rear seat is folded down**. Certainly, the nine models of Corvair for '62, including the new Monza Station Wagon, combine the best of family comfort with a sports car flair — and an eye on economy!

*Standard on the Monza Club Coupe, Optional at extra cost on the Monza 4-Door Sedan and the Monza Station Wagon.

**Optional on 500 and 700 series coupes and sedans.

**Beulah United
Holds 79th
Anniversary**

The 79th anniversary services held at Beulah United Church, Ivanhoe, on Sunday, were largely attended both in the morning and evening. Autumn flowers in baskets adorned the nave.

The services were conducted by Rev. Harry Stobbert. The guest minister was Mr. Arnold Creaser, of Wyevale, a former minister of Ivanhoe charge.

The theme of the morning service was "Keeping Abreast of the Truth," with the text from Acts 10: 14: "Peter said, not so, Lord, for I have never eaten anything that is common or unclean."

Special music, under the direction of Mrs. George Wood, included the junior choir anthem, "Singing Along the Way;" quartette, "The Solid Rock," with Elaine Wickens, Judy Wood, Karen Bray and Linda Reid; also a solo, "I Believe in Miracles."

Evening services included the theme "The vision of the Plumb Line," with text from Amos 7: 7 and 8 "And the Lord said to me, Amos, what do you see? and I said, 'a plumb line.' Then the Lord said, 'Behold, I am setting a plumb line in the midst of My people, Israel.'"

Music included Frankford men's quartette with Miss Judy Whitmore at the piano; "Jesus Grows Deeper To Me," "Beautiful River of Life" and "Heartaches."

Ford Announces Changes In 1962 Models

Ford Motor Company of Canada, Limited, this week indicated 'acknowledgement of the high public acceptance' of its 1961 Canadian-made passenger cars by offering refinements of 1961 basic styling concepts in its 1962 models, and introducing 'major under-the-hood' mechanical improvements additional to those built into last year's vehicles.

The company will also unveil two all-new 'welterweight' models, larger than the compact Falcon and Comet

and smaller than Ford of Canada's standard-size cars, each designed to 'meet the demands of a new segment of the Canadian automobile market which they believe to be developing.'

Major styling refinements include elimination of the fins on the Galaxie and rear end modifications on the Mercury Monterey and Mercury Comet.

John D. King, Ford of Canada's vice president - marketing, made these statements this week on the eve of formal public introductions of the company's 1962 vehicles.

Assembly of the 1962 line has been underway at Ford of Canada's Oakville assembly plant since August 28. Components are produced at Ford of

Canada's Windsor manufacturing plants and in the glass plant at Niagara Falls and in various independently owned Canadian plants.

"In presenting our 1962 lines, we are acknowledging the high public acceptance of our 1961 models, which resulted in our share of the Canadian automobile market increasing from 25.7 percent January through August 1960 to 29.1 percent for the comparable period of 1961, and which gives us encouragement to offer the same basic styling concepts, with refinements, for 1962," said Mr. King.

"However, major under-the-hood improvements have been made, additional to the many dramatic innovations we introduced in the 1961 lines.

"The latest of these includes: — Oil change interval increased from the 1961 model figure of every 4,000 miles to every 6,000 miles;

— An improved permanent-type anti-freeze that protects to 35 degrees below zero for 30,000 miles or two years and does not require draining;

— A new replaceable element in the fuel filter is good for 30,000 miles;

— A new lubricant for wheel bearings good for 30,000 miles;

There are numerous other minor improvements that all add up to more car for the money."

"The introduction of the Ford Falcon and Mercury Comet have apparently fulfilled public desire for a smaller car with North American style and features not found in most import cars," Mr. King said.

"Ford of Canada will soon offer a new size car — larger than the compact but not as large as the standard cars. These will be known as the Ford Fairlane and Mercury Meteor."

"These cars have been aptly described as 'welterweights' in size and weight compared with Ford of Canada's standard cars. They ride smoothly on a 115.5 and 116.5 inch wheelbase."

Both new cars will be assembled at the company's Oakville plant and go on sale later in the fall.

Public introduction of Ford of Canada's 1962 cars and trucks begins on September 29th.

When a recipe says to simmer, it doesn't mean boil. Simmer means to cook in a liquid over low heat. No bubbles should break on the surface. Simmering foods develops flavour and increases tenderness.

Mrs. B. Woodbeck Hostess To St. Mark's W.A.

The September meeting of St. Mark's W.A. was held at Oak Lake at Mrs. B. Woodbeck's cottage. About 12.30 all sat down to a delicious pot luck dinner.

The President, Mrs. W. J. Barlow, called the meeting to order at 2 p.m. The hymn, "Holy Spirit, Hear Us," was sung, followed by the Litany and Prayers by Mr. Fleming. The Bible reading from the second chapter of Philippians was read by Mrs. Hugh Jones.

The President welcomed all present and thanked Mrs. Woodbeck for having the meeting. Roll call was answered by eight members and two visitors giving donations for the Church kitchen.

It was decided to hold a quilting at Mrs. M. Tanner's the latter part of the month. Little Helpers' Secretary, Mrs. Jack Prest, reported she had attended a meeting in Stirling. Correspondence was read, including a letter from Springbrook W.A. inviting the members to attend their annual Bazaar.

Mr. Fleming reported on proceedings re painting the basement of the Church. It was decided to have a travelling apron to try to raise some extra funds and to send it to all Church members.

Mrs. Woodbeck was in charge of the programme and through the kindness of Mr. Clare West, the Moira Conservation film was shown. This was very interesting. Mr. Fleming thanked Mr. West for his part in the programme.

The next chapter of the study book was given by Mrs. M. Tanner, who also conducted a contest after which the hostess served a cup of tea.

July Meeting
The July meeting was held at the cottage of Mrs. W. J. Barlow at Crow Lake, in the form of a pot luck dinner. The afternoon was spent in games and a social time was had by all present.

Timely Tips

Spray to control Yellow Rocket with 16 ounces of 2,4-D acid per acre in areas where there are no susceptible plants such as legumes, suggests Dr. C. M. Switzer, OAC botanist. Yellow Rocket on roadsides, fence roads, waste places can be controlled by the same treatment. If legumes like clovers and alfalfa are present, apply 6 ounces (active acid) of MCPA per acre after the legume tops are killed by a hard frost. If you want to spray earlier — late September or early October — apply MCPB if the legumes are mainly clovers or 2,4-DB if alfalfa is dominant. Use both at the rate of 20 ounces active acid in 15 to 20 gallons H₂O per acre.

It's been a good year for birdfoot trefoil but it might pay to check your seeding before winter, says Dr. W. E. Tossell, head of OAC's Field Husbandry Department. Stands that look slightly yellow and have 5 or less plants per square foot need attention. Topdress with at least 200 pounds of 8-16-16 or 5-20-20 right away. One other caution: Don't graze new seedlings this fall. Let them get fully established and built up for good yields next year.

The Sign of Real Value in Building Materials

The Story of the 1962 Oldsmobile

A hardtop with a roofline styling practically identical to that of a convertible, and new engineering features designed to cut lubrication and maintenance costs highlight details of Oldsmobile for 1962, announced this week by General Motors of Canada.

Among the engineering refinements that will cut servicing costs are:

Replacement of all open-end lubrication fittings by factory-sealed units and revision of generator and distributor lubrication points to eliminate the need for periodic lubrication under normal operating conditions.

A self-adjusting power braking system which automatically compensates for brake lining wear by adjusting the clearance between lining and drum, eliminating the need for periodic brake adjustments.

The Oldsmobile's overall length has been increased by nearly two inches. Wheelbases of the three series remain the same — 123" on the 88 series; 126" on the 98.

Oldsmobile offers 17 body styles in three series — Dynamic 88, Super 88 and 98. Fifteen exterior colours are available.

In addition, improved performance and increased fuel economy result from Oldsmobile's new combustion chamber and higher (10.25 to 1) compression ratios in Rocket and Skyrocket engines, as well as lowered rear axle gear ratios.

The 280-horsepower Rocket engine is designed to deliver better mileage on premium-grade gasolines (A 260-horsepower Rocket engine with an 8.75 to 1 compression ratio is available for regular-grade gasoline use.)

Maximum brake horsepower of the Skyrocket engine with four-barrel carburetor has been increased to 330. This engine is standard on the Super 88 and 98.

Diameter of the steering wheel on Oldsmobiles equipped with power steering has been reduced by one inch. This provides improved driving comfort and easier entry and exit for the driver. The steering wheel has also been raised for increased clearance between the wheel and front seat.

General Motors also announced that for the first time two soft-top models — the Sports Convertible and Cutlass Convertible — are being offered in the F-85 range of smaller-sized Oldsmobiles. A hardtop version of the powerful convertible Starfire, introduced in the regular line of Oldsmobiles last season, is also available in the 1962's.

The F-85 this year is available in nine models — the two convertibles; a four-door sedan; a four-door, two-seat station wagon; a four door, three-seat station wagon and a club coupe; a deluxe four-door sedan; a deluxe four-door, two-seat station wagon and Cutlass Sports Coupe. Fifteen Magic-Mirror exterior colours — including a new Chariot Red — are available.

Two engines — the standard 155-horsepower aluminum Rockette and the optional four-barrel carburetor 185-horsepower Cutlass — are offered by F-85. A new, smoother 3-speed synchromesh transmission is standard. Roto-matic power steering is also available as an extra-cost option.

Styling changes in the F-85 include a completely restyled front end with new hood, grills and headlamp housings. As well, the F-85 has a restyled rear section with twin tail lamps mounted on each side.

Petherick's

(Held Over from last week)

Zion Anniversary Services were well attended for both services on Sunday. Taking as his text the words "... and after the fire, a still small voice," the Rev. H. H. Lackey, of Warkworth, stressed the need for quietness in the world today. The choir, under the direction of Mr. Eldon Petherick, with Mrs. Aylmer Petherick presiding at the piano, contributed an anthem at each service, while Miss Elizabeth Barnum and Mrs. John Goodfellow, added a great deal to the services by their solos so fitting to the occasion. The Rev. Kelloway, of Cobourg, centred his address in the evening on the need for good stewardship in the church.

A large number from neighbouring churches and formerly from the community joined in the fellowship of anniversary Sunday and were guests in various home as follows:

With Mr. and Mrs. Aylmer Petherick: Mr. and Mrs. Harry Barnum and Elizabeth, of Campbellford, and Mr. and Mrs. John Goodfellow, Codrington.

With Mr. and Mrs. Alfred Barnum: Mr. and Mrs. Percy Oddie, of Burnbrae, and Mr. and Mrs. Ronald Parr, Hoard's.

With Mr. and Mrs. Jack Watson: The Rev. H. H. Lackey, Mrs. Everett Parr, Linda and Ralph, Mr. and Mrs.

With Mr. and Mrs. Ernest Irwin: Mr. and Mrs. Tom Wallace and girls, of Peterborough.

With Mr. and Mrs. Hector Arnold: Mrs. Edna Watters, Miss Ada Arnold, of Campbellford.

With Mr. and Mrs. Donald Kerr: Mrs. Thos. Fry, Mrs. Caroline Wright, Miss Violet Wright, Mr. and Mrs. Allan Rutherford and children and Mr. Brian Ranlins.

With Mr. and Mrs. Carl Linn: Mr. and Mrs. Bogart Linn and Miss Beverly Linn.

With Mr. and Mrs. Stanley Kerr and family: Mr. and Mrs. Ernest Rowe, of Stanwood, and Mr. and Mrs. Frank Osborne.

With Mr. and Mrs. Albert Tinney: Mr. and Mrs. Albert Jones and Patsy, of Hoard's; Mrs. James Tinney, Peterboro; Miss Charlotte Wray, Miss Fern Tinney, Cobourg, and Mr. Tom Thompson, Hoard's.

With Mr. and Mrs. Ernie Petherick: Mr. and Mrs. Murray Heath and boys.

Mr. Wayne Kerr spent some time in Guelph last week as a member of

the land and soil tour.

Miss Linda Kerr who has spent several months at a summer resort at the Lakehead, has returned home. Miss Mary Leonard, Galt, spent last week with her.

Mrs. John Simpson is a patient in Campbellford Hospital.

Congratulations to Mr. and Mrs. Ralph Wright on the arrival of a baby daughter.

Enrols At Ontario

College of Art

Miss Enid Petherick, eldest daughter of Mr. and Mrs. Aylmer Petherick, registered at the Ontario College of Art on Monday to begin a four-year course. For the past two years Enid has been employed in the art department of the Bell Telephone in Toronto. Prior to entering college fellow workers presented Enid with a Park-er pen and she was also entertained at a dinner held in her honour. Her many friends wish her success as she furthers her career in the ever widening field of art.

Hostess Wellman's Women's Institute

Mrs. Gerald Russett was hostess to the Wellman's Women's Institute on Wednesday, September 20th. There

were 7 adults and 5 children in attendance. The President, Mrs. Gerald Clancy, opened the meeting with the Institute Ode, followed by the Lord's Prayer. The minutes were read by the Secretary, Mrs. John Carlisle and approved.

Mrs. Carlisle also gave the financial report on the social held at Wellman's, which was most gratifying. Mrs. Carl Clancy and Mrs. Clifford Clancy were appointed as leaders to attend the Leaders' Training School on the course, "143 Pounds of

Meat" in November.

The roll call, "What I read for my own education," proved interesting as almost everyone chose different reading materials. Mrs. Clifford Clancy gave the current events.

Mrs. Omar Dracup, convener for Citizenship and Education, took charge of the programme. Mrs. Gerald Clancy led some community singing.

Mrs. Douglas Clancy gave the motto, "Good Citizenship like baseball requires team work." She stressed the fact that no matter what phase of work we come up against as good citizens we find ourselves working with others to one goal just as in playing baseball. It takes many hands working together to accomplish anything.

Mrs. Byron Seeley gave a reading, "When Mother Has Gone Away." Mrs. Ken Tompkins sang "Mockingbird Hill" with guitar accompaniment. Mrs. Elmer Cotten gave a brief on education, bringing out the importance of the home opinion. Mrs. Jim Pollock gave a reading, written by a lady who became blind at 16, telling her outlook on going ahead with this affliction.

The topic, "A Liberal Education," was dealt with by everyone giving their opinions on different educational subjects. These subjects were as follows: (1) Pre-school education; (2) Public School education; (3) High School education; (4) other courses after High School; (5) most useful subjects; (6) those giving most pleasure; (7) aim of liberal education. This proved very interesting.

Mrs. Dracup thanked those taking part in the programme in any way, also the hostess, Mrs. Russett. The collection was taken. The meeting closed with the Queen, followed by the Institute Creed.

Dainty refreshments were served and all enjoyed a social half hour.

Properly managed the Canadian forests can last forever.

West Huntingdon

Anniversary services were held on Sunday, September 17th at the United Church. Rev. Lorrie, of Tweed, was the guest speaker and he brought thought-provoking messages. Mr. Geo. Dyson attended the evening service. Special music was provided by Mrs. Woodley giving two solos at the morning service. The choir rendered several selections which were much appreciated.

Mr. and Mrs. George Saries attended the anniversary services at the United Church and were dinner guests of Mr. and Mrs. John Moorcroft.

Ivanhoe W.L. catered to the Board's sale on Monday evening.

Mr. and Mrs. Don Bates, of Roslin; Zada Cummings, Toronto, and Mrs. Gertrude Crowley, Belleville, were Sunday guests of Mr. and Mrs. Clayton Wright.

Congratulations to Mr. and Mrs. Gordon Donnan on the arrival of a baby girl at the General Hospital, Belleville, on Saturday.

Eggleton W.M.S. And Woman's Aux.

The September meeting of Eggleton W.M.S. and W.A. was held at the home of the President, Mrs. Keith Johnson on Thursday afternoon with 2 visitors, 11 members and 2 children in attendance.

Mrs. Johnson presided over the programme which had been prepared by Mrs. Harry Clarke and opened the meeting with the call to worship and the hymn, "What A Friend We Have in Jesus," with Mrs. Maurice Clancy playing the accompaniment for the hymns on her guitar.

The Scripture Lesson, 1 John, chapter 5, was read by Mrs. Murney Kirksey. She also gave the commentary on the lesson a reading "Love One Another."

A reading, "There Are Two Kinds of People," was given by Mrs. Frank Smith. Following this the hymn, "Count Your Blessings," was sung.

Mrs. Fitchett read the minutes, also two thank you notes received from members who had been remembered with flowers, boxes of fruit and cards. The offering was gathered and dedicated with a prayer by Mrs. McMullen.

W. A. President

The W.A. President, Mrs. Wm. McMullen, took charge for the business period.

The October meeting will be held at the home of Mrs. Forde Stapley with Mrs. Maurice Clancy appointed to prepare the programme.

Bills for a wreath, flowers, box of cards, etc., were presented and voted paid. The members were asked to bring their donation of toys for the Indian children at Curve Lake to the October meeting, as they could be gift wrapped later and sent away early for Christmas.

A letter was read stating that the W.M.S. executive of the Belleville East Section would be meeting at

Bridge Street United Church in Belleville on September 18th.

Mrs. McMullen spoke a few words of welcome to the visitors present and also thanked Mrs. Johnson for opening her home for the meeting.

A reading, "When Faith is Strong," was given by Mrs. Carl Bridges.

Two chapters from the study book (a) "New Nations and Old Problems," and (b) "Are Missionaries Necessary," were presented by Mrs. Warren Harlow. A reading, "Around the Corner," was given by Mrs. Bruce Stapley. The meeting closed with the hymn "Sing Them Over Again To Me" and prayer by Mrs. Murney Martin.

Dainty refreshments were served by the hostess and a social half hour enjoyed by all.

Mrs. Ross Dickie Hostess Rylstone WA

Mrs. Ross Dickie entertained the Woman's Association of Rylstone United Church at her home on Wednesday last when they held their September meeting.

In the absence of the President, Mrs. Wilfred Spencer, the meeting was in charge of Mrs. Will Rutherford, Vice-President. She opened the meeting with a poem, "Dear Restless Heart, Don't Worry So" and the hymn "O Master Let Me Walk With Thee," was sung, followed by the Lord's Prayer in unison. There were nine members, eight visitors, one child and Mr. Pallen, pastor of Rylstone Church, in attendance.

The Scripture reading, Romans 8: 18-29, was read by Mrs. H. D. Pallen, followed by prayer by Mr. Pallen. An invitation to attend the Afternoon Tea and Bazaar in Springbrook Orange Hall was received from Springbrook W.A.

Mrs. Fred McKeown gave a reading "A Day of Thanksgiving." Mrs. Will Rutherford read a letter from Mrs. Harry Seymour, the former pastor's wife. They are now at Gore's Landing.

Mr. Pallen gave a short talk and explained the new organization, "United Church Women." Mrs. Rutherford gave a reading, "Hold Fast To What Is Good" from the Upper Room. She also read a letter from a missionary friend in Africa and showed pictures of the missionary's children.

Mrs. Ellis Jones gave the Treasurer's report. Mrs. Thos. H. McKeown read "The Good Samaritan In A Pony-Tail" and Mrs. Chester Meiklejohn read "He Is Greatest Who Serves Best." Mrs. Ellis Jones read "Blessings" and the meeting closed with the Mizpah Benediction.

Refreshments were served by the hostess, assisted by the committee and her neighbours.

The next meeting will be held at the home of Mrs. Sanford Meiklejohn in Springbrook. Roll call to be a Bible verse containing Thanks or Thanksgiving. Refreshment committee - Sandwiches, hostess and Mrs. Fred McKeown; cake, Mrs. Chester Meiklejohn and Mrs. Ray Stewart.

DON'T SETTLE FOR LESS... THAN A PATZ, AMERICA'S NO. 1 BARN CLEANER

No. 1 in Strength and Flexibility
The specially-designed Patz Barn Cleaner actually rests at the point of greatest stress. The drive sprocket pushes each link on its way—to eliminate the link ending pull of excess loads, around corners and through the drive sprocket. There are no pins to rust, bend, break or stretch or break—yet, it's a flexible chain with a smooth rolling action that makes 90 degree left or right hand turns—45 degree elevations.

No. 1 in Ease of Installation
Individual links can be added or removed in seconds without the use of tools. Factory fabricated Corner Posts are precision built, install accurately and fast. Files are welded to individual links and installed with the chain. Power unit, reducer, elevator and steel adjustable stand are all built to provide a clean, fast, simple installation.

No. 1 in Years of Trouble-Free Service
The Patz Co. is the originator of circular, Pitless Barn Cleaners. Today, many of the original installations are still providing satisfactory trouble-free service. So why settle for less than a Patz—America's No. 1 Barn Cleaner. Get all the Patz Facts First. You'll be glad you did today, grateful for years to come.

Warden Hamilton Issues Challenge To Colleagues

Some Wardens may have been accused of plowing a wide furrow through their local political scene in the past, but just how well they can turn the sod in an open field is another matter. Visitors to the 1961 International Plowing Match at Belleville, October 4th to 7th, will have an opportunity to discover the answer to this question for themselves, on the first day of the big show.

Warden Harleigh Hamilton, of Hastings County, has already received a number of "takers" to his personal plowing match challenge for the Warden's competition. For a number of years the big match has featured a mayor's challenge class, but this is the first time that the chief magistrates of Ontario counties have had the gauntlet thrown at their feet.

Judging by the number of acceptances to date, Warden Hamilton will not have the soft touch he may have been expecting when agreed to take on his contemporaries across the province. To date, at least 14 wardens have indicated that they will be on hand with their coaches, advisors and campaign managers for the explicit purpose of becoming the first plowing champ in the new Warden's Class, and if grass roots campaigning is of any help in wielding the plowshare, then this event could be the

crowd pleaser of the day on Wednesday, October 4th.

So far, the following Wardens have agreed to take part in the contest: Leslie E. Coudrey, Warden of Wentworth County; Whitney Black, Warden of Leeds and Grenville County; Reginald Breet, Warden of Dufferin County; Melville Hill, Chief of the Bay of Quinte Mohawks; W. George Livingston, Warden Lanark County; Anson Gerrow, Warden of Ontario County; George C. Wallace, Warden of Wellington County; J. M. Fitzgerald, Warden of Dundas; Stormont and Glengarry Counties; F. A. Phillips, Warden of Halton County; Ivan Forsyth, Warden of Huron County; R. McDonald, Warden of Essex County; Harmon Montgomery, Warden of Prince Edward County; Elliott Moses, Oshweken Ontario, and Harleigh Hamilton, Warden Hastings County. The starting gun goes off on Wednesday, October 4th at the International Plowing Match.

Springbrook Farmers' Union

The September meeting of Local 171 of the Ontario Farmers' Union was held at the home of Mr. and Mrs. Ralph Thompson. President Murray Bateman was chairman.

The meeting opened with the singing of the Queen. A letter from the head office was read concerning the Ontario Farm Union Convention in October. The Convention will be

held in Lindsay this year and all Union members are urged to spend at least one day there and see what the Union is trying to do. Ella Mumby and Jeanne Williams were appointed as delegates to the convention.

Jeanne Williams gave a report on a county board meeting. Final arrangements were made for the Union booth at the Plowing Match. Local 171 is to have two people in the booth each day. Plans were also made for the County Convention being held in Tweed on Friday the 29th of September. All farmers are urged to attend.

Several resolutions were dealt with. The point was brought up that last year the government sold canned pork at a loss and at the present time canned pork from Denmark and bearing the same label is being sold in our stores. A resolution about this situation is to be brought up at the County Convention.

The next meeting will be the annual meeting and will be held in the Orange Hall, Springbrook.

The meeting adjourned and Murray Bateman thanked Ralph and Ruth for the use of their home. Lunch was served and a social period followed.

Kind words never die — they just become victims of ingratitude.

The famous and frequently reprinted portrait by Robert Harris of the Fathers of Confederation was destroyed in the 1916 House of Commons fire; it is the original, full-size charcoal sketch that now hangs in the House.

CJBQ To Sponsor Show And Dance

Taking its cue from the neighbouring International Plowing Match here next week, Radion Station CJBQ, Belleville, is underwriting a show of its own with a traditional country flavor.

With 100,000 of Canada's citizenry expected at the four-day plowing meet, the need for additional entertainment at-large was obvious but not organized in Belleville, the host city. CJBQ, pondering the problem, has now hired one of the continent's top entertainers to solve it.

October 5th and 6th will see Carl Smith, whose personalized style makes him among America's most popular singers, at the Belleville Memorial Arena. But for his audience, it will be an evening in the two-for-the-price-of-one tradition.

While Smith's presentations will be strictly direct show business the night's entertainment will be rounded out to dancing by the Country Hoppers dance band with CJBQ's Bill McKay calling the routines.

Smith, born on a Tennessee farm, got his first entertaining job on a Knoxville radio show. As a recording artist, he first soared to success in the '50's with "Let's Live A Little," and followed through with such others as "Mr. Moon" and "Don't Just Stand There."

Ten years later, his record albums now are a regular feature in music stores across the continent.

For his Belleville presentation Carl Smith will stage 3 shows nightly during his two-night stand. His companions for the dance sessions also are no strangers on the record racks. The Country Hoppers are one of the most enterprising combinations in the province, while CJBQ's Bill McKay also is a recording artist in his own right. Their repertoire ranges wide through dance tempos and the nightly sessions at the Belleville arena will have not only a country flavor but a Quinte touch.

Present reaction indicates a high attendance and the station's initiative may be well-founded. While the plowing match proper looks to a record crowd, CJBQ's presentation seems headed for the records as the biggest side attraction in Plowing Match history.

Plowing Match Expected To Break Records

With every inch of available exhibit space taken up and further applications being refused, indications are that this year's International Plowing Match, to be held north of Belleville, October 4th to 7th, will break all previous records.

Floyd A. Lashley, Secretary Manager, has announced that Hon. Alvin Hamilton, Minister of Agriculture for

Canada, will officially open the match on Wednesday, October 4th.

Several features have been incorporated in the programme this year. In addition to the Mayors' Class, Wardens of various counties will have an opportunity to display their plowing skill. A good entry is expected in both events. Another innovation will be a programme of special interest to the ladies, with a demonstration of flower arranging being scheduled for Friday. In addition to the usual parade and bands there will be a horseshoe pitching competition for the devotees of the barnyard sport.

Farm machinery companies have taken up a large part of the exhibit space with all types of mechanical equipment being demonstrated.

This year will mark the 48th year of the International and it will be the first occasion on which the event has been held in Hastings County. It is expected that entries in the various classes will be as high as ever with special interest being shown in the High School class which will be held on Saturday.

The Canadian Championship match will be held during the International when competitors from several Provinces will compete for the championship. This year, for the first time, Saskatchewan will have an entry in

the big event. The two winners in the Canadian Championship class will compete in the World Match in Holland next year.

This year's match will be the first occasion on which competitions will be held on Saturday. It is expected that many urban people will take advantage of this fact to attend the show and competition.

Cub News

Last Monday evening the Stirling Cubs held the first meeting in the Public School with forty-eight boys registering. Those who failed to attend Monday will be unable to register because there are about 15 boys too many and they will have to be held on a waiting list.

There are only 4 leaders with the group, so if there are any who would like to help, come along Monday evening at 7.00 p.m.

Be sure your grain is dry before it's binned. A damp bin of grain or even a damp layer attracts grain insects. They congregate in these areas causing the grain to heat and spoil — sprouting may even occur.

TIPS
ON PREPARING
HOUSING
FOR PULLETS

Here's a convenient checklist of things you should do before housing pullets:

1. Clean out old litter—right down to floor.
2. Scrape off all clinging droppings; sweep down cobwebs and dust on walls, ceiling, etc.
3. Now is the time to make all repairs that are needed.
4. Apply Purina Insect Oil to all wood surfaces and dirt floors. It kills worm eggs, coccidia and other common poultry diseases.
5. Scrub feeders, waterers and all other equipment with Purina Disinfectant.
6. Spray house with Purina Disinfectant Concentrate. Mix one ounce to 6 gallons of water.
7. When house is dry put new litter down. 4 to 6 inches is fine.
8. Make sure you have a disinfectant pad or disinfectant brush at every door.
9. Call us for a Purina Laying Ration to

fill the feeders and keep hens laying their best.
Why not give me a call today, or drop in at our Store with the Checkerboard Sign. I'd like to tell you about Purina Layena and Commercial Eggena; both are "research-formulated" to help keep good pullets at peak production for a long, long time. Each is a complete feed... containing everything that research has proved hens need to help you get fine-flavoured, tasty eggs, with uniform yellow yolks, and whites that are thick and upstanding.

Miss Margaret Sheffield spent Sunday with Miss Mylna Hagerman, of Eldorado.

Student Groups Visit Museum
History was made recently at the Hastings County Museum in Belleville when the first school class tour took place.
The students were Grade IX pupils of Mr. Fred Bradley, of the Belleville Collegiate Institute and Vocational School.
They were taken on a half hour conducted tour of the new museum by curator Mary Lu Toms.
Among articles of particular interest to the students in the collections of local and European antiques were the large wheeled "Penny Farthing" bicycle, the collection of early school books and other school relics; the household and farm implements, and the 19th century European music box.
Other student tours are being planned. For groups of 15 or more students, conducted tours will be provided for five cents per person. Arrangements for tours should be made by contacting the museum, 240 Church Street, Belleville, at least one week in advance.
The Hastings County Museum is also offering special adult group rates of only 15 cents per person for

CONSERVATION NEWS
FOREST PROTECTION
To provide adequate fire detection over large forested areas, requires an extensive network of fire towers supplemented by aerial patrols during high fire danger periods. There are 22 steel towers, 80 feet to 100 feet in height in the Tweed Forest Fire District, each manned during hazardous periods, and linked to the various Department headquarters by radio.
On each tower is an octagonal or square cabin about seven feet high by eight feet wide, which houses the observer and his equipment including radio set and binoculars. Inside the tower cabin is the detection equipment, a 36 inch circular table on which is a map of the surrounding area, so placed that the tower's location on the map is at the center of the table. Just outside the circumference of the table is a brass azimuth ring marked in 360 degrees. In the center is pivoted the alidade or sighting device, which has a pointer riding over the degrees on the azimuth ring. The table top is on a two way horizontal slide, allowing it to be moved if a window frame is in the way of sighting on a fire.
Once a "smoke" is detected by a tower observer, he takes a sighting, records the bearing from his tower, estimates the distance and immediately reports to his headquarters by radio. If more than one tower can make a sighting an intersection can be made, and the fire location accurately plotted. Two towers working together on the same "smoke" can pinpoint it to within feet. At headquarters, reports from the towers are noted. On a large map of the whole area, the location of each tower is marked. When reports from two towers are received, the readings are crossed to the points reported and the intersection is the exact location of the fire. The Forest Ranger in charge at the headquarters will then dispatch a ranger with a crew of men and equipment by the fastest means possible to take action on the fire.
